

# BROOKHART NOMINATED IN IOWA

## Hunt Will Not Be Arizona Candidate

### GOVERNOR TO QUIT AFTER FIVE TERMS

Executive Charges Monied Interests Are Combining To Bring About Defeat

**HANDICAP IS TOO BIG**

Boulder Dam Project Foe Springs Surprise by Refusing to Run for Office

(By United Press)  
PHOENIX, Ariz., June 8.—Gov. G. W. P. Hunt, of Arizona, announced today he will not be a candidate for re-election.

"National and California money interests are combining to spend large sums to defeat me," he declared in a letter to Cleve Van Dyke, chairman of the Arizona Colorado River commission. "It is too big a handicap."

"Others will have to carry on the battle to protect Arizona's interests in the Colorado river."

Governor Hunt, until his announcement today, had been generally accepted in Arizona as a candidate to succeed himself for the sixth term.

He is the only governor in the United States who has served five terms.

### PLEADS GUILTY IN MURDER CASE

BAKERSFIELD, June 8.—"I don't want a lawyer; I want to plead guilty," Charles Gafford, negro, accused of first-degree murder of J. C. Scott, Wasco rancher, declared to Judge J. W. Mahon in superior court.

"Do you know that you may or may not be hanged?" the judge said.

"I did it and I am guilty and I want to plead guilty," Gafford answered, so his formal plea of guilty was accepted.

Gafford was accused of slaying Scott, who was sitting in a tent, and then, as his victim was dying, rifling his pockets. Gafford fled to Aberdeen, Wn., where he later was captured and returned to Bakersfield for trial.

### Slayer Accepts Guilty Verdict

FRESNO, June 8.—Joe Mussachio, slayer of Georgia Bettis, made no appeal for a new trial, but immediately accepted sentence of one to 10 years, when a jury found him guilty of manslaughter, after the prosecution had demanded a first-degree murder verdict and the death sentence. The prosecution announced that it would send a recommendation to the prison board that the maximum penalty be inflicted on the grounds that the slaying was "entirely unjustified and cold-blooded."

### Ousted Police Want Jobs Back

FRESNO, June 8.—Fresno's 11 ousted police officers, acquitted on bootleg charges, will make one more appeal to the supreme court for reinstatement. It was announced today by their counsel, The policemen have lost appeals before the civil service commission, the superior court and the appellate court. The supreme court appeal will be based solely on a question of the mayor's power in suspending and dismissing officers, it was declared.

### BORROWING OF FUNDS BY GOVERNMENT UNNECESSARY

(By United Press)  
WASHINGTON, June 8.—Advocates of further tax cuts were elated today by announcement from Secretary of the Treasury Mellon that the government, for the first time since the war, has found it unnecessary to borrow to carry on the nation's business.

Administration supporters were still wary of predicting that the treasury would be able soon to make new tax cuts, but the politically wise insisted, treasury indications now point to the chance of cuts by 1928—presidential election year.

Secretary Mellon announced that the government will make no offering of bonds or certificates for sale on June 15.

Mellon explained that the aggregate public debt of about \$333,000,000 falling due on June 15, is somewhat smaller than usual.

### DEATH OF JOHN D. SPRECKELS MOURNED OVER CALIFORNIA

Noted Capitalist and Philanthropist Succumbs In Coronado Home

(By United Press)  
SAN DIEGO, June 8.—The death of John D. Spreckels, one of California's foremost capitalists and philanthropists, was mourned today throughout the state.

Spreckels died at his home in Coronado, San Diego suburb, after a prolonged illness, which followed a nervous breakdown. He was 73 years old.

Private funeral services will be conducted at the home Wednesday afternoon. The body is to be cremated and the ashes taken to San Francisco, to rest beside those of Mrs. Spreckels and their son, John D. Spreckels Jr.

**Big Business Man**

Spreckels was a foremost figure for years in Pacific coast industrial and financial development. He was at one time active in the Hawaiian sugar industry, was interested in various railroad projects on the coast, and was the builder of San Diego's street railway system.

The Panama-California exposition of 1915-16 was supported mainly by him, and San Diego-Arizona railroad was made possible through his efforts.

His philanthropies were numerous. Recently he built an addition to Mercy hospital here, a Catholic institution, although he was one of the highest Masons in the state.

Spreckels had been suffering for several years from a spinal disease. The affliction became acute several months ago, and eventually resulted in a respiratory paralysis which caused his death.

**Born in South Carolina**

Spreckels was born in Charleston, S. C., in 1852, the son of Claus Spreckels, "sugar king." He began his education at Hanover, Germany, completing it when he came to California, at Oakland college. When he was 22 years old, he voyaged to Hawaii, where he built a ship with his own hands, and by under-bidding all other vessels, received a cargo from his father. His maritime activities culminated in ownership of a great trans-Pacific passenger and freight service, the Oceanic line, which was sold a short time ago to the Matson Steamship company.

His first cargo-running from Hawaii to California was the beginning of his great California career. He developed Hawaiian and Australian trade, entered banking, real estate, hotel ownership, railroads and newspaper publishing. His most notable accomplishments, however, were in civic betterment. San Diego rose from a village to a city under his guidance. He was responsible for the success of San Diego's 1915 exposition, gave San Diego direct railway connection with the east and spent a good part of his energies in beautifying the civic section of the city.

**Sea and Politics Hobbies**

His hobby, through his life, was the sea, with politics second in his favor.

Spreckels is survived by two brothers, Claus A. and Rudolph Spreckels; a son, Claus Spreckels, of San Diego; two daughters, Mrs. Alexander Hamilton, of Menlo Park, and Mrs. Paul Vegeforth, of Coronado; and five grandchildren, Grace and Happy Hamilton, daughter of Mrs. Alexander Hamilton, and Mrs. Anne Elizabeth, of Manila, and Jack and Adolph, children of the late John D. Spreckels, Jr.

California capitalist and philanthropist, who died in his home at Coronado, following a prolonged illness. Mr. Spreckels was 73 years old, and had long been prominent in California business and political circles.

### DAUGHTER OF BRYAN SEEKS CONGRESS JOB

(By United Press)  
MIAMI, Fla., June 8.—Florida went to the polls in the state primary today.

Although seven candidates are in the race for the three national posts to be filled, the prospects of Mrs. Ruth Bryan Owens, daughter of the late William Jennings Bryan, who is seeking the nomination to congress from the fourth district, were the most widely discussed.

From her campaign headquarters here came word that Mrs. Owens was confident of victory and was enjoying a rest after a strenuous campaign that took her into remote parts of the district.

### Chief Justice Taft Improves

WASHINGTON, June 8.—Chief Justice William Howard Taft, of the U. S. supreme court, former president of the United States, was improving after a day's illness occasioned by overwork. It was said at his home here today. The chief justice was kept at home during the closing session of court yesterday. It was his first absence in several years.

**DIES IN TRAIN WRECK**

AUBURN, Calif., June 8.—One man, believed to be a hobo, was killed and two others were injured when a westbound freight train was derailed near Midas, in Placer county, today.

### CHIROS OPEN WAR AGAINST RABIES RULE

Anti-Medical Men Protest New County Ordinance In Note to Supervisors

**FIGHT ON VACCINATION**

Canine Regulation Results In Attack on Innoculation for Human Diseases

THE PERENNIAL war between chiropactors and medical practice broke out today before the county board of supervisors, when a communication was presented by the Orange County Chiropactic association, protesting against the recent emergency ordinance requiring vaccination of all dogs against rabies.

The communication sharply rapped the use of serum in canines for rabies and also assailed the practice of human vaccination against smallpox, particularly in cases of "defenseless children." The chiropactors deny vaccination as not only a "gigantic graft," but as a source of divers dangerous diseases. It declared that rabies does not exist or is very rare in the state and that few physicians or veterinarians have ever seen a case of rabies or hydrophobia.

**Attacks Pasteur System.**

The Pasteur system was attacked as a system of "torture" that has brought untold misery upon the canine and human race. The quotation concluded with a quotation from a Fullerton newspaper editorial that condemned the vaccination ordinance as "good business for the bug doctors."

Declaring that there has not been three cases of rabies in the history of California, the chiropactors' communication contends that injection of serum gives rabies to canines rather than preventing it, and causes much misery and death among the erstwhile healthy dogs.

Since Pasteur introduced his treatment in France, says the petition, rabies or hydrophobia have greatly increased there, while across the Rhine, in Germany, it is practically unknown. Humans bitten by dogs that have been vaccinated frequently get hydrophobia, whereas statistics show that hydrophobia is rarely communicated in the bite of a dog that has not been vaccinated.

Few veterinarians or physicians have ever seen a case of rabies, one practitioner of 45 years' experience declaring that he had never seen a case himself nor knew of anyone who had seen one.

**Attack Other Vaccinations.**

Some of the diseases laid to vaccination by the chiropactors' communication are tuberculosis, smallpox, diphtheria, syphilis, cancer, erysipelas, leprosy, paralysis, boils, rheumatism, fatal blood poisonings, tetanus, eczema, diseases of joints, psoriasis, blindness, rickets, abscesses and general debility.

An editorial from a Fullerton newspaper is quoted as follows: "Orange county has a record of passing about as many fool ordinances as any county in the United States and this emergency ordinance is one of them. Of course, it is good business for the 'bug doctors'."

Besides basing its attack upon health grounds, the chiropactors contend that the rabies "scare" has a tendency to hurt business and has frightened population away from the county.

Smith W. Brookhart, progressive Republican, (left), ousted from the U. S. senate, only to be renominated for the senatorship in the Iowa Republican primaries, yesterday, defeating Senator Albert B. Cummins (right), Iowa's "grand old man," who first was elected to the upper house of congress 18 years ago.

WASHINGTON, June 8.—The victory of Smith W. Brookhart, insurgent in the Iowa Republican senatorial primary, over Senator Cummins, incumbent, was met here today with varying interpretations.

Among insurgents and farm relief bloc members, it was hailed with satisfaction.

In administration quarters, it was taken as an indication that the west is in revolt. Rightly or wrongly, the fall of Cummins was viewed as a severe slap at the Coolidge regime.

**Aids Farm Aid Prospects**

To the farm relief group, it spelled possibly slightly better prospects for their efforts to get farm relief through this congress. To the Republican machine, it sounded a rebuke to Senator Butler, Massachusetts, head of the organization, for engineering Brookhart's ousting from the senate in favor of Daniel Stock, democrat.

While the White House gave no official indication of its reaction to the result of the Iowa primary, an intimate of the administration declared that President Coolidge does not intend to alter the administration's farm policy, though he realizes that this plank was the principal factor in the primary.

"The president cannot afford to change his policy overnight because of the result of the Iowa primary," the spokesman explained.

**Hand-Writing on the Wall**

Opponents of the administration chorused that it was a new handwriting on the political wall, rounding out the recent defeats to administration men in Illinois and Pennsylvania.

An nominating Brookhart, the people of Iowa have "reasserted their faith in progressive principles," said Senator La Follette, Republican, Wisconsin, another of the signers of the now famous pro-Brookhart letter.

"The Iowa voters also have affirmed their right to name their own representatives in congress and have served notice to the country that the farmers have been treated unfairly in the matter of farm relief," La Follette declared.

A statement was issued by Senator Cummins, at 11:15 a. m., thanking his workers for their efforts in his behalf. The statement follows:

Statement of Cummins

"I have nothing to say except to express in this way my deep appreciation to my friends in Iowa for their constant untiring work in my behalf. They have done everything for me that loyal, unselfish men and women could do. I am profoundly grateful to them and this gratitude

**POLISH SOLDIERS OUST LITHUANIANS**

BERLIN, June 8.—Polish guards have taken back across the border the Lithuanian frontier guards and regular soldiers, who on May 15, when the Polish revolution was in progress, invaded an eight-mile strip of Polish territory.

The Lithuanians subsequently concentrated in the Podgaje forest, apparently hoping to remain unmolested because of the disturbed conditions.

The Deutsche Allgemeine Zeitung has received an unconfirmed report that 13 persons were killed and 50 wounded at Lemberg, Poland, in clashes between Ukrainian students and British troops.

### Threat to Kidnap Duchess Is Made

LONDON, June 8.—Threats have been made to kidnap the Duchess of York, daughter-in-law of King George and Queen Mary, today's daily Mirror said. An illiterate letter containing the threat was intercepted enroute to the duchess, the paper reported.

### IOWA'S SENIOR SENATOR BEATEN BY PROGRESSIVE

Smith W. Brookhart, progressive Republican, (left), ousted from the U. S. senate, only to be renominated for the senatorship in the Iowa Republican primaries, yesterday, defeating Senator Albert B. Cummins (right), Iowa's "grand old man," who first was elected to the upper house of congress 18 years ago.

### FALL OF CUMMINS IS VIEWED AS SLAP AT ADMINISTRATION

Politicians in Washington Alarmed by Revolt of Midwest Farmers

(By United Press)  
WASHINGTON, June 8.—The victory of Smith W. Brookhart, insurgent in the Iowa Republican senatorial primary, over Senator Cummins, incumbent, was met here today with varying interpretations.

Among insurgents and farm relief bloc members, it was hailed with satisfaction.

In administration quarters, it was taken as an indication that the west is in revolt. Rightly or wrongly, the fall of Cummins was viewed as a severe slap at the Coolidge regime.

**DISMISSAL OF MOVE TO OUST SCHALL URGED**

WASHINGTON, June 8.—The senate privileges and elections committee today recommended to the senate that the contest of former Senator Magnus Johnson, Farmer-Labor, Minnesota, to unseat Senator Thomas Schall, Republican incumbent, be dismissed.

Johnson had charged irregularities but did not question the vote, which gave Schall a majority of about 8000 over the Farmer-Labor candidate.

Johnson claimed bootleggers' contributions added his opponent, but the elections committee reported "the evidence does not show that violators of the liquor laws were induced to contribute money to the expenses of Schall's campaign."

**Triplets Born to San Diego Couple**

SAN DIEGO, June 8.—When J. N. Malaney comes sailing home on U. S. submarine S-23 tomorrow, he will find three babies to greet him instead of one that was expected. Mrs. Malaney, 24-year-old wife of the navy man, gave birth to two boys and one girl today. The youngsters, who are normal in every way, weighed 3 1-2, 4 1-4 and 4 1-2 pounds. Mr. and Mrs. Malaney have one other child, born several years ago.

**BRIAND SAVES AMERICAN FROM DEATH AS DESERTER**

PARIS, June 8.—Acting on Premier Briand's instructions, War Minister Paul Painleve today telegraphed the general commanding the Army of the Orient, at Damascus, ordering him to prevent the execution of Gilbert Clare, American member of the Foreign Legion.

(Clare is believed to be Bennett Doty, of Memphis, Tenn., and Bolivia, Miss.)

This step was undertaken, despite the fact that Paris has

not been officially informed of any order to execute Clare, the war ministry having no facts on the case beyond the information that the American was charged with attempting to desert.

At the time Briand acted, American Ambassador Herrick had not yet received instructions from Washington, but half an hour later he was instructed to intercede informally on the American's behalf.

**Threat to Kidnap Duchess Is Made**

LONDON, June 8.—Threats have been made to kidnap the Duchess of York, daughter-in-law of King George and Queen Mary, today's daily Mirror said. An illiterate letter containing the threat was intercepted enroute to the duchess, the paper reported.

### CUMMINS IS DEFEATED IN G. O. P. RACE

Progressive Is Victorious Over Standpat Senator in Hawkeye Primary Fight

### 3 CANDIDATES TO RUN

Clark to Be on Ticket As Independent; Porter Is Selected by Democrats

(By United Press)  
DES MOINES, Ia., June 8.—The probability that three candidates will be in the field for the election to the senate from Iowa this fall as the nomination of Smith W. Brookhart as the Republican nominee seemed assured.

"We assure voters that this campaign is not ended—that it will continue until we have won," a statement from the headquarters of J. Howard Clark, who ran third in the Republican race for nomination, said.

Clark intimated before the campaign closed that, should he be defeated, he would run as an independent candidate. Clark could not be reached for a personal statement.

Returns from 1593 precincts out of 2445 gave:

Brookhart, 156,930; Senator Albert B. Cummins 113,590; Clark, 53,112.

The other Republican candidates were trailing far behind the two outstanding candidates.

Politicians were inclined to believe that votes from the remaining precincts would give Brookhart a much greater plurality. Some estimated that he would win by 70,000 votes.

**Porter Is Nominated**

In the Democratic race, Claude R. Porter, who is considered the best Democratic vote-getter in the state, apparently has a safe lead over his nearest opponent, J. O. Murtagh.

All of the Republican congressmen seeking renomination, with the exception of Gilbert M. Haugen, author of the Haugen farm relief measure, apparently are having an easy time. Haugen today had a lead of 800 votes over Ewald W. Peerman, with 61 of 211 precincts counted.

So complete was the rout of Iowa's senior senator today, that even his own supporters admitted his defeat.

The defeat of Cummins and the nomination of Brookhart, a farm bloc leader, who was defeated for his senate seat in 1924 by Daniel J. Stock, only after a senatorial recount, can easily be considered an answer of the Iowa farmers to the national administration's farm policy.

**Disagree With Coolidge**

When President Coolidge spoke in Chicago last summer, the Iowa voters, for many years Republican, began to disagree with the national administration's farm relief policy. The state, hardest hit by collapse of land prices, banks and farm products, started talking and listening to farm relief measures.

Since that meeting, numerous farm relief sessions have been held over the state and the Haugen bill has been the principal discussion. Former Senator Brookhart, posing as the savior of the Iowa farmers, capitalized this sentiment in his vigorous state-wide campaign.

Today's vote apparently was the voice of resentment against the "eastern viewpoint," which Iowa farmers claim Senator Cummins has accepted along with his close alignment to the national administration. Cummins, a few years ago, was known as a progressive Republican, fighting for farm relief, but as he grew older in senate duties he has become more and more of a standpat Republican.

**Cummins 78 Years Old**

Senator Cummins, now 78 years old, was first elected to the senate 18 years ago on a farm relief platform. Brookhart, the new nominee, is 56 years of age and served on short term in the senate, having been defeated by Daniel J. Stock, Democrat, in 1924.

Democrats are basing their hopes of winning the election this fall on a split in the Republican party similar to the break which elected Stock, in 1924. In that election, the regular Republicans, who hold a grip against Brookhart, broke their ranks in the senate, and gave Stock sufficient strength for election.

## WOMAN MAYOR OF SEATTLE TO CLEAN UP CITY

SEATTLE, June 8.—Mrs. Bertha Landes, Seattle's picturesque woman mayor, today called a conference of a "committee of 13" law enforcement officials—whom she substituted under the figures of city, state and federal officials to meet in conference with her Wednesday at 10:30 a. m. and lay plans for an offensive against lawlessness in Seattle.

In her call the mayor wrote: "Law enforcement is the most vital problem in our city just now. It is my earnest desire and the desire of Chief Searing and the co-operation in a program of law enforcement to other law enforcement officers."

This problem will best be solved by an understanding of its various phases and a frank discussion of ways and means. It is my hope that, through this conference and others of a similar nature, many problems may be solved."

Everything for the next few days, the mayor said, will be subordinated to the job of reassembling units of the law enforcement machine, bringing city, state and federal parts into union and putting the machine to work.

## You And Friends

Please Phone or Mail Items

Mr. and Mrs. Bert Mitchell, 130 West Eighteenth street, have as their houseguests Mr. and Mrs. J. E. McCartney of Shelbyville, Ind. Mr. McCartney is Mrs. Mitchell's brother-in-law, and has been for many years a prominent business man of Shelbyville. Some time ago he retired from active business as a furniture manufacturer, but he still retains his interests in the First National bank, of which he is a director.

J. C. Lamb, county tax collector left Sunday over the Southern Pacific for New York City, to visit with two brothers and a sister whom he has not seen since they were orphaned children together many years ago in New York. Mr. Lamb will be away for only three weeks, as official business calls him home the latter part of June.

Miss Gladys Prevost, 528 East Walnut street of the Southern Counties Gas company force, spent a pleasant week-end in Santa Barbara with friends.

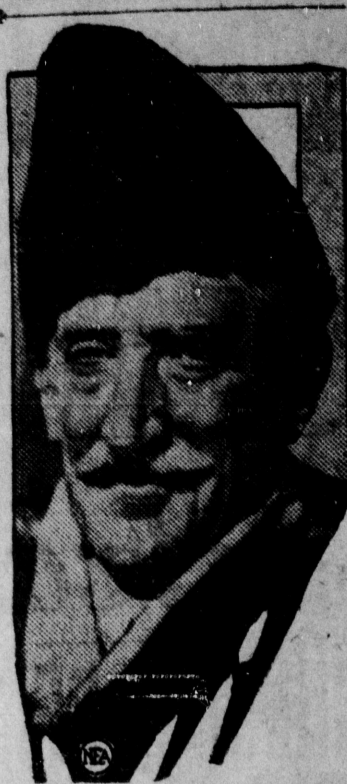

Mr. and Mrs. C. A. Westgate, Francis Westgate, Mr. and Mrs. C. B. Buxton and Mr. and Mrs. Harry Lewis were among Santa Anans who attended commencement exercises at Occidental college last night. Ralph Lewis and Tevis Westgate were among the graduates, the interesting ceremonies taking place in the Greek theater. Dr. James A. B. Scherer was the speaker of the evening and delivered a stirring address.

Mr. and Mrs. Harry Lewis and their son, Ralph Lewis, of 1770 East Fourth street, left today for a motor trip to Santa Paula, where they will make a four days' visit with Mr. and Mrs. Fred Lewis.

Mrs. J. E. Sheridan of Silver City, N. M., was the incentive for a pleasant family dinner and reunion last evening at the home of Mrs. Sarah Dawes and Miss Roselyn Dawes, other relatives present being Miss Minnie McClellan of this city, Miss Margaret Allen of Laguna Beach, with whom Mrs. Sheridan had been visiting and Ben D. Moses of Davis, connected with the agricultural college of University of California, who came south for a farm bureau meeting. Mrs. Sheridan will join Mrs. C. F. Croese of Santa Ana and Miss Alice Fullerton of Laguna Beach on a motoring trip to Yellowstone park, the party planning to start in two weeks.

Miss Stella Bainbridge, niece of Mrs. Clyde Ashen of 1516 French street, has arrived here to spend the summer at the Ashen home.

## GOVERNOR GENERAL

LORD WILLINGDON

LONDON, June 8.—Lord Willingdon has been appointed governor general of Canada, succeeding Lord Byng of Vimy who has held the post since 1921. It was officially announced today.

## FALL OF CUMMINS UPSETS POLITICIANS

(Continued from Page 1)

will continue as long as I live."

Growth of an unpremeditated Lowden-Dawes wing in the Republican party was foreseen by national political leaders here in the accumulating administration reverses in several primaries, accentuated by returns from Iowa.

The three big leaders of the party in the west—former Gov. Frank O. Lowden, Illinois, who declined the vice presidential nomination in 1924; Vice President Charles G. Dawes, Chicago banker, and Senator Jim Watson, whose control of Indiana was strengthened by his recent primary majority—are being drawn together by the revolt of the farm states.

Join Against Coolidge  
All three are joined in leadership of the movement to upset President Coolidge's program for mild farm legislation.

Lowden has been campaigning for the equalization of the method of price stabilization for agricultural products for months; Dawes has been studying the economic side of the problem also, and recent public statements authorized for him, pledge him to that system against which Mr. Coolidge has warned.

Watson has swung the Republican organization of his important home state for the plan and similarly against Mr. Coolidge on the World court issue.

All three are mentioned as prospective presidential candidates, but they could agree on Lowden if they decided he had the best chance.

Miss Bainbridge is from Phoenix, Arizona.

Mrs. Walter Vandermaast, who has been ill at Loma Linda sanitarium, is much improved and will return home Sunday. Mr. Vandermaast and Mrs. Guy Gilbert visited her last Sunday.

Mr. and Mrs. L. Pelton and family of 1517 North Main street have been enjoying a visit from Mr. Pelton's uncle, W. H. Pelton of Council Bluffs, Ia., who is 83 years of age. Mr. and Mrs. Richard Francis of Pasadena and Mr. and Mrs. C. C. Eppery of Los Angeles, who are leaving this week for an automobile jaunt to Des Moines and Sioux City, Ia.

Mr. and Mrs. J. P. Murphy of 915 Main street went to Hollywood this afternoon to say farewell to Mrs. Murphy's mother, Mrs. C. A. Bennett, who with her little grandson, Maurice Donovan, is leaving Thursday for a trip east. Mrs. Bennett will attend the Eucharistic Congress in Chicago and visit relatives and friends in Denver, Colo., and Omaha, Neb. She will be away two months.

Mrs. Harriet Jones, her sons, Ed and Fred Jones and Mr. and Mrs. Herbert Falls and baby, all of San Pedro, who spent several days at the home of Mrs. Jones' daughter, Mrs. James Clark, of 314 East Myrtle street, returned home last Wednesday.

Mr. and Mrs. R. S. McGill of Orange are receiving the congratulations of their friends upon the birth to them on Sunday, June 6, of a daughter, Marvella Louise, at the home of Mrs. McGill's mother, Mrs. Rose E. Ford, at 517 Wellington avenue. Mrs. Ford and Mrs. McGill are both native daughters of California.

Mrs. George Prather, Mrs. Fannie Lacy and Mrs. Hazel Ryan of this city, and C. A. Palmer of Orange were in San Diego last Saturday to attend the reception given for Mrs. Mabel Seeley, grand president of the Rebekah assembly. Mr. Palmer was recently elected grand master for the Odd Fellows.

## NOBILE TO TELL FLIGHT DETAILS

NOME, June 8.—Roald Amundsen may present to the world the non-technical narrative of the Norge's trans-polar flight from Nome to Noma, or more properly, from Rome to Teller, but Col Umberto Nobile, commander of the dirigible, today announced that the aeronautical details are his to tell.

"All aeronautical parts of the official account," Colonel Nobile said, "should and will be written by myself."

"It is well known that all aeronautical preparations were made by me in Rome, according to my own ideas and of my own initiative. Of course, Amundsen had nothing to do with the aeronautical part of it."

"As constructor of the airship, as leader of the preparations for the flight and as commander of the Norge on her flight, the responsibility rests with me to present these aeronautical facts to the world."

Nobile's report is now under preparation, he said, and will be released within a short time. "I am anxious that the world shall have it," Nobile declared, "for the benefit of aviation."

## HERMOSA CHAPTER WILL HOLD PICNIC

Members of Hermosa chapter, No. 105, O. E. S., and their families today were looking forward to the annual picnic of the organization, to be held Saturday, in Orange county park.

According to Mrs. M. B. Lacy, matron, plans for the event were being completed today, with appointment of committee to take care of various details.

It is anticipated that 300 or more men, women and children will be at the park to participate in the day's outing. It is to be an all-day affair, with a sports program in the afternoon.

Women attending are requested to bring one covered dish and sandwiches for the pot luck dinner. Coffee, cream and ice cream will be served by the committee in charge.

Mrs. Lacy announced that a phone call to any of the officers of the chapter would bring transportation for those who do not have vehicles of their own.

## EL MODENA HARBOR MEETING PLANNED

Ranchers of the El Modena district supporting the proposal to issue \$1,200,000 for the development of Orange county harbor, will hold a meeting at 7:30 Wednesday night, in the El Modena grammar school. It was announced today by L. E. Martin, chairman of the committee.

Martin expressed the opinion that the trend toward the bonds in the El Modena district had been very marked within the last few days and that a good vote for the bond issue could be expected from that rich citrus district. Speakers will explain the bonding proposal in detail at the meeting.

## ACCIDENTAL DEATH VERDICT RETURNED

L. Carrillo, 40, Stanton Mexican, who was killed Saturday afternoon, when he was struck by an automobile driven by Mrs. B. A. Shinn, of Norwalk, on Magnolia avenue, between Commonwealth and Buena Park boulevards, came to his death accidentally, according to a coroner's jury.

The man was dead before he arrived at the Anaheim hospital, the records show.

Carrillo walked suddenly from behind a road machine, where he was working, directly in front of the oncoming machine, it was said.

## LEGION WILL CLOSE MEMBERSHIP DRIVE

Members of Santa Ana post No. 121, American Legion, will bring to a close their membership drive for the year at the regular meeting of the organization, Thursday night, in Legion home, on Birch street.

Four hundred members by Thursday, June 10, has been the aim of the post. Today, there are 380 members, leaving only 20 for members to secure before the meeting.

The meeting will open with dinner, to be served by the Legion auxiliary, at 6:30 p. m.  
A special treat in the form of entertainment, Clyde Bishop, Santa Ana attorney, will recite "Thanatopsis."

Logan Not Driver  
In Auto Collision

Due to an error, a story printed in yesterday's Register stated that Charles Logan, of Tustin, was the driver of a machine which was wrecked in Tustin, at 8 a. m. Sunday morning, when Miss Edna Rawlston, was injured.

Logan lives near where the accident took place and ran from his home to give assistance when he heard the crash. It was learned today. He took the girl to the hospital.

Miss Rawlston was in the machine alone at the time.

## SAILOR BADLY INJURED WHEN AUTOS COLLIDE

John J. Demling, a sailor from the naval training station, San Diego, was severely injured yesterday, five miles south of San Juan Capistrano, when the automobile, in which he was riding with Clarence Crowder, of the U. S. S. Omaha, collided with a machine said to have been driven by L. E. Geisel, 1323 West Second street, Santa Ana, according to a report filed with the sheriff's office.

The injured man was taken to an emergency hospital in Ocean-side.

A report of the accident was first made to the San Diego police, who mailed it to the sheriff's office here. It was signed by Crowder, who claimed that the accident occurred when Geisel attempted to pass another machine, skidded and struck his machine.

Demling was thrown through the windshield of the machine in which he was riding.

## Bankers Charter 50 Special Trains

LOS ANGELES, June 8.—Fifty special trains have been chartered by bankers intending to come here next October for the annual convention of the American Bankers' association, according to William R. Morehouse, vice president of the Security Trust and Savings bank, and member of the executive council of the national organization.

Morehouse, who attended a meeting of the executive council at Pinehurst, N. C., recently, said he believed at least 5000 bankers would be here for the annual conference.

"One of the big attractions, aside from what Southern California has to offer, is the opportunity to visit all the cities of the west, with local reception committees acting as guides," Morehouse said.

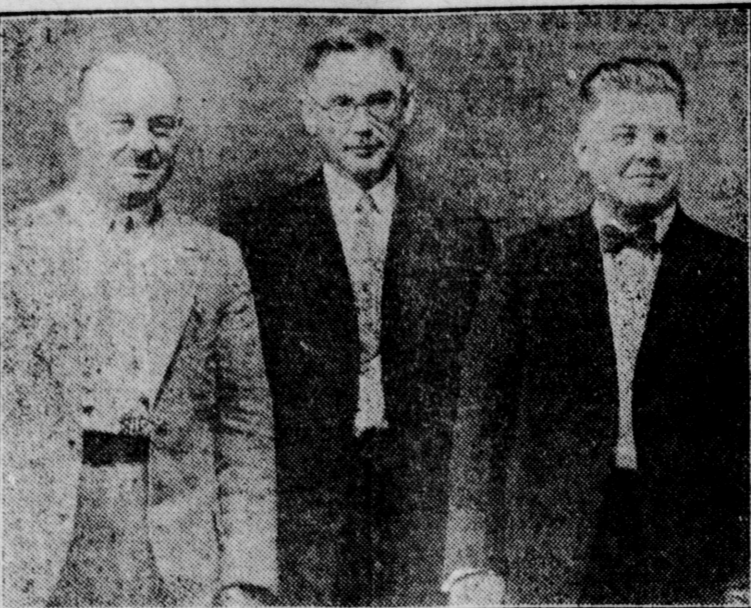

Queen Helena of Italy is an expert shot and an enthusiastic mountaineer.

The average strength of a woman compared with that of a man is as 67 to 100.

The Bible used by Queen Victoria at her coronation is in Norwich Cathedral.

Raitts Rich Milk.

## OFFICIALS OF SANTA FE TO OPEN NEW OFFICE IN CITY

Santa Ana pioneers who tomorrow will take charge of the Santa Fe Railway company's handsome new downtown offices at 408 North Sycamore street. Left to right, C. D. Lindsay, traveling passenger agent; T. H. Sherrill, city ticket agent, and Harry M. Baade, city passenger agent.

## CASE GROWING OUT OF CRASH IS DISMISSED

The case of Ralph K. Blakeslee, Los Angeles attorney, charged with failure to stop and render aid, following an accident near San Juan Capistrano, on May 29, was dismissed in Justice Kenneth Morrison's court today, for lack of evidence.

Action resulted from an accident, in which Jack Beattie, Los Angeles youth, was run down by an automobile, the driver of which did not stop and render aid, it was said.

Persons nearby at the time gave chase and secured the number of the car. Blakeslee was arrested as owner of the machine. Morrison dismissed the case because witnesses for the prosecution were unable to testify that the number secured was the correct one.

Attorneys West and West, Santa Ana, and Attorney Kidd, partner of the defendant, Los Angeles, represented Blakeslee.

### Julia Lathrop

At a general student body assembly last Friday the new officers of the body were announced and an excellent Memorial Day program was presented under the direction of Miss Pearl Nickelson and Miss Edith Cornell.

Those students chosen for next year's officers are as follows: Edward Suggen, president; Hawthorne Hunter, vice president; Audrey Dohmer, secretary-treasurer; Leo Gasper, sergeant-at-arms and Harry Bradley, yell leader. They are a splendid corps of young people and highly capable of representing and upholding the standard set by the former officers of Julia Lathrop student body.

Following the presentation of the new officers Miss Corney led the assembly in community singing. Several well chosen readings on Memorial day were given by students. A violin solo, a short play; a splendid address by a Junior college student; a reading, "My Ideal American," by Corinne Nelson of the high school, a patriotic pageant and the singing of the "Star Spangled Banner" concluded the exercises.

### Summer Plans

Members of the Lathrop faculty present varied plans for the summer vacation. The Misses Thrasher will attend summer session at U. S. C., spend some time at their Laguna house and enjoy short motor trips. The Misses Bruner, Ried, Gordon, Chalmers, Henderson, Adams, Wing, Brokaw and Mr. Bryan and Borell will attend summer sessions at U. S. C., S. B. U. C. and Berkeley with trips to the north and middle west following the close of the different sessions.

Miss Kline will travel throughout the east. Miss Nicholson will spend some time in the San Bernardino mountains. Miss Hart will be in her home at Long Beach and Miss Rhye will visit relatives in Louisiana and Tennessee. Miss Carothers, who is to be married on the nineteenth of June will be on a motor trip to the north. Mrs. Dorothy Hunt Bertrand plans to visit in Washington with her husband and will make her future home in San Francisco. Mrs. Nettie Wolfe Bryan will be at her new home at Balboa Beach. The Lathrop faculty has spent a very happy year of work and pleasure together and very much regrets that several of its members will not return next year.

Luncheon Series  
On Friday, June 4, the last of a series of delightful luncheons was served to the Julia C. Lathrop faculty by Mrs. Sink's cooking class. The tables were laid in rectangular fashion in the new room. Spring flowers of yellow, blue and pink and table decorations in shades of yellow.

## Sore, Burning Feet Relieved

Just as soon as you rub in this pleasant, soothing white cream, which vanishes instantly, that painful, aching, throbbing burning sensation ceases. This new scientific foot remedy, known as Pedisan, neutralizes the acid in perspiration which is now known as the cause of nearly all foot troubles. Pedisan contains the super-efficient healing agent discovered by one of the world's greatest research laboratories, and is guaranteed to give quick, sure, satisfying relief in all cases of burning, aching, itching feet; to quickly heal raw, irritated, inflamed, sore parts; and banish soft corns. Pedisan is applied in a few seconds, leaves feet feeling fine, dry and comfortable; prevents offensive odors. Get new foot comfort today. Pedisan, 50c tube, always at C. S. Kelley's Drug Company.

## Lindsay, Baade and Sherrill Will Have Charge of New Quarters

Executing plans long contemplated by the company, the Santa Fe Railway company tomorrow will open a downtown ticket office at 408 North Sycamore street. The opening of the office will be more or less informal, with representatives of the company present to greet Santa Ana persons who may wish to drop in and look the new office over.

The new office will offer facilities for taking care of patrons of the line and at the same time make it more convenient for them to get information they desire. It eliminates the necessity for a trip to the depot, on East Fourth street.

Of interest is the announcement that the three men who will have their headquarters in the new offices are representatives whose combined service with the company represents 69 years of efficient work, mostly in Santa Ana and Orange county.

It is a happy coincidence that the three representatives also initiated their railroad work with the late H. B. Keeler, the first agent of the company in Santa Ana. Keeler opened his office here in 1888, in a box car.

Came Here in 1898.  
C. D. Lindsay, traveling passenger agent, came to Santa Ana in 1898 and entered the service of the company in 1902. He is in charge of all city offices in the territory embracing Huntington Park, Whittier and Oceanside and extending to Long Beach and Corona.

Harry M. Baade, city passenger agent here, came to Santa Ana in 1889 and has been with the company continuously for 21 years. Baade will have charge of the city passenger business.

T. H. Sherrill, city ticket agent, has been with the company 23 years, all but four years of the period having been passed in Santa Ana. Sherrill comes from the position of cashier in the office in Orange to take the Santa Ana situation.

Fitted with modern equipment, which will offer facilities for the quick handling of business, the new office offers a contrast to the box car office that sufficed for a period following the entrance of the line into Santa Ana.

New Office Beautiful.  
The three Santa Ana pioneers today commented on the beauty of the new office, compared with the offices of the company in past years, located at the depot.

The new location has been remodeled, refinished and decorated as a first class travel bureau. Paintings by some of the world's best artists adorn the walls. Carl Moon's "The Hopi Harvest" is a canvas that everyone will enjoy seeing. Pottery, made by the famous Santa Clara Indians, who are the only makers of black pottery known among Indians, and Navajo rugs, direct from the Navajo looms, are among the adornments that make the office a point of interest and beauty.

low gave the tables a very festive air.

After the regular business meeting, Mr. Nelson, representing the faculty, presented the honorees, Mrs. Nettie Wolfe Bryan, Mrs. Dorothy Hunt Bertrand, and Miss Dorothy Carothers, with gifts of a silver bread tray, cake plate and an individual salt and pepper set. The meeting closed with general expressions of regret at the loss of the three members and with good wishes for their future happiness and success.

# What A-DOF-LUS will do for You

WHAT EVERY  
DOCTOR  
KNOWS

Many of the poisons in the human system that impair the digestion and pollute the blood, originate from the undesirable bacteria of the intestines.

Acidophilus milk is used by the medical profession to effect a transformation of the flora of the intestines, eliminating the undesirable bacteria and implanting in their place a desirable health-giving flora.

Acidophilus milk is prescribed and is acknowledged to be a specific therapy in cases of intestinal toxemias, chronic constipation, chronic diarrhoea and other intestinal disorders. Also recommended in treatment of rheumatic conditions and facial eruptions traced to intestinal origin, and in Summer diarrhoea and other intestinal toxic conditions of infants.

A-dof-lus is that delicious food beverage known to medical science as acidophilus milk—a regularly-prescribed specific for intestinal disorders.

### Changes the Flora

The vital acidophilus elements contained in A-dof-lus are desirable inhabitants of your intestinal tract. When they are present in sufficient numbers the undesirable putrefactive bacteria are driven out. By consuming A-dof-lus regularly as a beverage these vital acidophilus elements will change your intestinal flora to a desirable condition, promoting normal functioning. A-dof-lus acts surely and naturally where cathartics bring only temporary relief.

A-dof-lus is not to be confused with Bulgarian or common buttermilk. While it has the delicious flavor of fresh, cool buttermilk, it also has the faculty of rejuvenating the intestinal flora, causing the body to function normally—something that no ordinary buttermilk can or does do.

Good for the whole family—young and old. Serve it daily as a beverage. Try it for a month and note how joyously alive you feel.

### At Soda Fountains and Lunch Counters

Delivered daily to your home, or at grocers, 20c a quart. At fountains and lunch counters, 10c a glass.

## A Jewelry Purchase Is An Investment In Permanent Values

Men of all nations remain. But their jewelry remains. Of all the possessions of ancient civilizations, the most enduring have been the tokens wrought in precious stones and metals. Gone are the palaces of Egyptian kings, their gorgeous apparel and equipments. But scattered among the museums of today, in all parts of the world, many of their jewels are still intact, more beautiful and infinitely more valuable than ever.

## Lovely Church Wedding Calls Together Many Admiring Friends

**C**ORES of Santa Ana friends were among the 300 guests who on Sunday afternoon assembled at 3 o'clock in the Orange First Christian church to see the wedding of Miss Flora Maude McClure, daughter of the J. O. McClures of South Grand street, Orange, and Leo Edward Windolph, son of Mr. and Mrs. Edward Windolph of South Pepper street, Orange.

Miss McClure, who made countless friends in this city as one of the courteous employees of the Rankin Drygoods company, was one of the fairest of the season's brides. Her girlish charm being accentuated by her bridal gown of soft satin, chiffon and lace, shining under the long folds of a lace-edged tulle veil arranged in cap effect with a band of orange blossoms. Her flowers were bride roses and lilies of the valley arranged with maidenhair fern and showered with snowy sweet peas in the knots of tulle ribbon.

Miss McClure entered on the arm of her father, J. O. McClure, to the strains of "Lohengrin's Wedding March," played by Miss Nellie Larson of this city and Hollywood. Miss Larson had presented a very beautiful program of bridal music prior to the ceremony, with George Finney as soloist, singing "Springtime" and "All For You" very beautifully.

## Pretty Attendants

Guests had been ushered to their seats in the flower garlanded church by a bevy of lovely girl friends of the bride, the Misses Lucille Hessel, Helen Ruth Beck and Lola Windolph. Like flowers themselves in their crisp tulle frocks in pastel tints, each wearing a corsage bouquet of sweet peas and maidenhair fern. They directed guests to the pews each of which bore its cluster of roses and fern. Sections of the church were reserved for special guests, the bride's friends and associates of the Rankin force occupying one entire section.

The Rev. Arthur D. Jacoby of Claremont, former leader in the young people's work in the Orange church, returned to officiate at the ceremony. As he took his place at the altar, banked with pink roses and fern and with a white trellis intertwined with the roses, he was followed by Mr. Windolph attended by his brother, Robert Windolph as best man.

As they waited for the bride, beneath a sunny wedding bell, the two bridesmaids, the Misses Virginia Thatcher and Alma Kramer, and the remaining two groomsmen, Lloyd and Roscoe McClure, brothers of the bride, entered and proceeded down separate aisles of the church. Miss Thatcher chose apricot taffeta for her frock while Miss Kramer's was of apple-green taffeta. Each carried a great cluster of sweet peas, baby breath and maidenhair fern.

Miss Velma McClure served her sister as honor maid and was charming in a rose crepe satin and georgette gown with which she carried pink sweet peas and baby breath. She was followed by two adorable flower girls, Nancy Rose Wolfe of Orange in ruffled green crepe de chine and Eileen Rohan of this city, in a frilly net over pink silk. The little maids carried baskets filled with rose petals which they scattered in the pathway of the bride, following them on the arm of her father.

## Reception Details

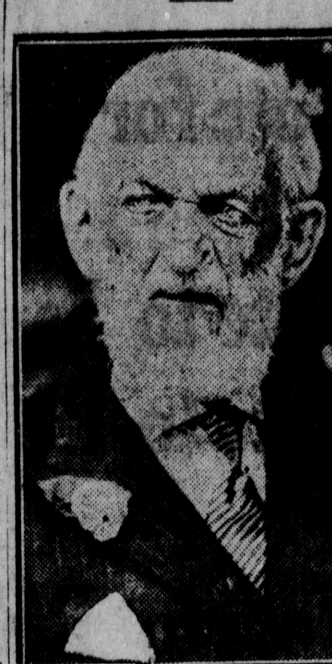

After the ceremony, read so impressively by the Rev. Mr. Jacoby, the happy young people led the way to the home of the bride's parents, where amidst a floral setting of pink and white, the reception was staged. Mr. and Mrs. McClure and Mr. and Mrs. Windolph sat, receiving with the new Mr. and Mrs. Windolph.

Pink heart ices with pink and white cakes were served with fruit punch and the bride cake which young Mrs. Windolph cut with pretty ceremony. Guests also were given the opportunity to see the many handsome wedding gifts on display in one room. Ere Mrs. Windolph left the guests to prepare for her departure on a honeymoon trip, she tossed her bouquet which was caught by her sister and maid of honor, Miss Velma McClure.

When the young couple left for their honeymoon motor trip back to Colorado Springs, Mrs. Windolph wore a smart little tailored suit in a heather mixture, with blonde shoes, hat and scarf to harmonize. Their new home will be in Colorado where Mr. Windolph is with the Ferrick's Automobile Tours of Manitou. He is a graduate of the Colorado Springs high school later finishing at the University of Texas. His bride is a graduate of the Orange high school.

In addition to Santa Ana and Orange guests at the wedding and reception were friends from San Diego and Bakersfield.

## Nonagenarian Honored By His Daughter at Birthday Feast

SAMUEL HEDGES WHO LAST WEEK REACHED HIS NINETY-SEVENTH BIRTHDAY AND WAS GUEST OF HONOR AT A GATHERING CALLING TOGETHER MANY OLD-TIME FRIENDS.

To have lived through ninety-seven of the most interesting years in a nation's history is an experience to befall few human beings, but that is the splendid experience of Samuel Hedges, father of Mrs. S. H. Finley, 1633 East Fourth street, who on Friday, June 4, reached his ninety-seventh milestone, an event fittingly celebrated by his daughter.

Many special friends of Mr. Hedges were bidden to the home of Col. and Mrs. Finley, to enjoy the fellowship of the occasion and partake of a bountiful birthday feast prepared by Mrs. Finley and her daughter, Miss Gallene Finley.

When all had freely partaken of the repast, the Rev. Samuel M. Ramsey, pastor of Mr. Hedges' church in Los Angeles, led in a very touching prayer of thanksgiving and supplication for the venerable guest of honor. Dr. Ramsey had also prepared a poem in commemoration of the event, which, when read by Miss Martha Ramsey, aroused the sympathetic interest and admiration of all the guests as well as the one for whom it was composed.

The afternoon was devoted to interesting reminiscences by the older members of the congenial group, reaching back to the introduction of the steam railroad in the United States a few miles from where Mr. Hedges was born.

Of particular interest was the tale of Mr. Hedges' refusal of the nomination for vice-presidency of the United States which was later proffered to and accepted by John Tyler. This nomination, if accepted, would have placed Mr. Hedges in the presidential chair upon the death of William Henry Harrison, as it did Tyler.

Gathered to celebrate the happy birthday with the hosts and honored guests were the Rev. Samuel M. Ramsey, D. D., Elsie Dwan, Theresa Rustemeyer, Lela Rustemeyer, Christine Norshun, Susan McVior, Anna McHauptly, M. G. McGuire, Joseph Rustemeyer, Martha Ramsey, Mrs. G. B. Ellis, Mrs. Emma McBride, Mr. and Mrs. E. F. Witter, Mrs. A. J. Alexander, Timothy Hedges, Bessie Shedy, the Rev. Milford Tidball, Mrs. Mina Tidball, William Hedges and Amelia T. Hedges.

When the young couple left for their honeymoon motor trip back to Colorado Springs, Mrs. Windolph wore a smart little tailored suit in a heather mixture, with blonde shoes, hat and scarf to harmonize. Their new home will be in Colorado where Mr. Windolph is with the Ferrick's Automobile Tours of Manitou. He is a graduate of the Colorado Springs high school later finishing at the University of Texas. His bride is a graduate of the Orange high school.

In addition to Santa Ana and Orange guests at the wedding and reception were friends from San Diego and Bakersfield.

## Business Women Await District Convention With Interest

**W**ITH the seventh annual convention of the Southern district Business and Professional Women but four days off, business women of this city are centering their interest in Anaheim, the hostess city, and the plans in which all B. and P. W. clubs in the county are asked to co-operate.

For county clubs will share hostess responsibilities with the Anaheim club, and aid in every way to make the stay of other district representatives, an interesting one. Indications point to the greatest district convention yet held. Bespeaking the interest of the south will come a large delegation from San Diego, with intermediate clubs represented. From the extreme northernmost end of the district will come other delegates until a record attendance is anticipated. The Anaheim club, and its president, Helen Harden, are sparing no pains to make the event a pleasant one as well as profitable for all clubwomen.

Santa Ana's active club will be represented by its president, Miss Louise Kaiser, and a little group of delegates and alternates composed of Vanche Plumb, Helen Jeffrey, Clara Cushman, Olive Lopez and Ruth Ellis, while a large representation of members will be present at various sessions, notably the Saturday evening entertainment and dinner.

Plans for the event include the usual registration of delegates on Friday morning at the convention headquarters, Anaheim high school auditorium on West Center street. Reports of officers, county vice-presidents and special committees will occupy the business sessions both Friday and Saturday. Friday night, the B. and P. W. clubhouse at 411 North Los Angeles street, will be open to all federated members and their friends.

Saturday morning's session will convene at 10 o'clock and will feature the usual convention reports. At noon, a presidents' round table luncheon will be held and will be followed by a special program and the final details of the business session.

Saturday evening will feature the banquet and "fun" evening in the Elks club. Reservations for this banquet must be made at once through local presidents, those of Santa Ana members through their president, Miss Kaiser, telephone 2895.

On Sunday morning, a unique feature will be offered in the "get-acquainted" breakfast planned by Alice Humphrey, county vice-president, to be held in Anaheim city park. No formal program is being planned by Miss Humphrey, who feels that in order to live up to its name, the affair must be strictly informal.

The convention will have presented to it, the following choice of officers for 1926-1927: president, Mrs. George L. Winters, Upland; vice-president, Jassamine Atkinson, Women's Ad club, Los Angeles and Lou La Blong, Business Women's Civic club, Los Angeles; recording secretary, Edna Olive, B. W. C. C., Los Angeles and Grace Taylor Wright, Hollywood; treasurer, Ethel Carroll, Oxnard; auditor, Margaret Swope, San Diego.

The Saturday evening dinner will be the big event of the convention from a social standpoint, and each of the county clubs is asked to contribute souvenirs or samples typical of its own city. In accordance with this request, Santa Ana B. and P. W. will have the co-operation of friends to the extent that

## June Bride-elect Is Complimented by Her Cousin

**M**ISS MARIAN PRESTON, who in the near future will become the bride of William Noble, was complimented last Saturday evening by a bridal shower given by her cousin, Miss Jean Ross.

The Ross home was beautifully decorated with flowers in pastel tints. "Flower Romance," a clever game of questions answerable by flower names, was enjoyed in the early part of the evening. Miss Irene Natland guessing the most answers, received a basket of mixed flowers, including many of the varieties named in the "romance." Prizes for the remainder of the evening's entertainment went to Miss Vena Belle Bryant who received a polychrome candlestick molded in the form of a rose, and Mrs. Verne Williams, who was presented a blue vase.

As Miss Preston was opening the packages containing many beautiful gifts for her future home, the refreshment tables were being arranged in adjoining rooms. Each table was centered by a pastel tinted vase of dainty flowers. These, with rose colored nut cups and dillies, gave a gay color scheme to each table. Individual ice cream flower baskets were the outstanding feature of the refreshments.

The invited guests included the honoree, Miss Preston, and her mother, Mrs. Frank Preston; the Misses Vena Belle Bryant, Louise Bryant, Dorothy Dresser, Aletha Jones, Inez Moore, Velma Moore, Laurene Sauters, Irene Natland, Ruth Thomas and Mrs. Verne Williams.

## ANNOUNCEMENTS

Wednesday is the date of the monthly afternoon bridge for members of the Santa Ana Country club. It has been announced that beautiful prizes will be offered. Starting at 12:45 o'clock a luncheon will be served for which reservations may be made up until 12 o'clock Wednesday. It is not necessary to make reservations except that it is a help to those who are arranging for the bridge. During the afternoon, light refreshments will be served.

The Woman's Missionary society of the First Presbyterian church will meet Wednesday afternoon at 2 o'clock in the church parlor. Mrs. R. J. Bice will conduct the devotionals. The "blessing box" will not be opened as previously announced.

First Presbyterian Aid society members have been informed that the picnic announced for June 16 has been indefinitely postponed.

First Christian Church Missionary society members will meet in the community house tomorrow afternoon at 2:30 o'clock for an interesting session, directed by Mrs. W. T. Mitchell. The program will include general reports of the year's work and new officers will be installed. All members and friends of the church will receive a cordial welcome.

The Ketter confectionery will furnish some of its finest chocolates and the Junior Chamber of Commerce will furnish little candied fruits manufactured by a local confectionery company. The senior division, Chamber of Commerce will add Santa Ana literature.

## Attractive Present Given Bride-elect By Her Friends

**I**n honor of Miss Ruth Mae Thomas, who will become the bride of Robert LaVerne Smith, Tuesday, June 15, her associates in the office of the United States long distance telephone company gathered at the home of Mr. and Mrs. Kenneth Miller Saturday evening.

An electric iron was presented to the bride-elect, accompanied by a cleverly written note in which terms used by the long distance operators were employed.

During the evening cards and dancing were enjoyed. Late in the evening refreshments were served. The rooms were made beautiful with decorations of sweet peas and Chinese lilies.

Those present included Miss Ruth Thomas, Mr. and Mrs. Ed. Ellis, Mr. and Mrs. Leonard Clayton, Miss Eva Beardsley, Mr. and Mrs. Charles Hassfield, Miss Clementine Brenner, Miss Blanche Lewis, Miss Edythe Nichols, Mr. and Mrs. Dublin, Joseph Carr, Robert LaVerne Smith, James Underwood, and Mr. and Mrs. Kenneth Miller.

## Do ants mobilize in your cake-box?

DON'T let ants raid your pantry. Spray Flit and kill them.

Flit spray destroys ants, bed bugs and roaches. It searches out the cracks and crevices where they hide and breed and destroys insects and their eggs.

## Kills All Household Insects

Flit spray also clears your home in a few minutes of disease-bearing flies and mosquitoes. It is clean, safe and easy to use. Spray Flit on your garments. Flit kills

moths and their larvae which eat holes. Extensive tests showed that Flit spray did not stain the most delicate fabrics.

## A Scientific Insecticide

Flit is the result of exhaustive research by expert entomologists and chemists. It is harmless to mankind. Flit has replaced the old methods because it kills all the insects—and does it quickly.

Get a Flit can and sprayer today. For sale everywhere.

## S. A. COLLEGE GRADUATES ARE BID FAREWELL

A farewell meeting of the Santa Ana junior college campus "Y" was held last night to bid adieu to the sophomores, leaving for other colleges.

The students told what their plans were for the summer. Some intend to travel in Europe and others saw no other prospect than ditch digging jobs.

The Rev. Perry Schrock, pastor of the First Congregational church, was the speaker at the dinner, held in the Y. association building. He addressed the students on the motives that should determine their life work.

"At this time of the year, when some of you are going on to other colleges and plans are being made for the future, it is appropriate that we prepare ourselves," the Rev. Mr. Schrock said. "Several points should govern our life work. We can do best what we like best to do in service."

"It is a satisfaction to think that the world is better for our having lived."

The Rev. Mr. Schrock said that success could not justly be measured by dollars. He declared that the choice of a life work should be influenced by the consideration of whether the best possibilities of the individual for service could be realized.

## BRIGGS IS NAMED BEACH TREASURER

NEWPORT BEACH, June 8.—R. S. Briggs was last night appointed city treasurer following the acceptance of the resignation of Frank Rhinehart. The city treasurer job has been shunted from pillar to post during the past few months and seems to be a position no one wants. C. A. Thompson was formerly city treasurer. Thomas took the job after the resignation of Lew H. Wallace. The job was transferred several times and was finally taken over by J. A. Porter.

Following the death of Mr. Porter, Mrs. Porter was appointed city treasurer. She was removed from the position in the election when she was defeated by Roy Summers. Summers recently resigned and Frank Rhinehart was appointed.

Apitar Deraga, chief of the Newport Beach life saving crew, was last night authorized to add another life guard to the crew. City trustees also authorized the expenditure of \$500 to be spent during the next month on entertainment features. Most of the money will be used for the bathing girl parade and the July 4 celebration.

## RESIGNATIONS FILED BY TWO CONSTABLES

Two Orange county constables filed their resignations from office today with the board of supervisors. One of the vacancies thus created being immediately filled by appointment.

J. C. Arnold, constable of Seal Beach township, resigned from that post. The supervisors named Julius J. Hammer Jr., as his successor, the change to be immediately effective.

F. E. Howell resigned as constable of Laguna township and also gave up his position as state traffic officer, located at Laguna Beach. No successor has yet been named.

## Budget Changes To Be Taken Up By School Board

Changes in budget provisions, so as to conform to a recent decision of Attorney General J. E. White, to the effect that the Santa Ana board of education has no authority to establish and operate junior high schools, are among matters to be taken up at tonight's regular meeting of the school board. Inquiries today revealed. Other matters to be acted upon are additional resignations and appointment of teachers; bids for fencing at certain school grounds; and estimates of necessary summer repairs.

## Aid Is Asked In Search for Man

Sheriff's officers have been asked to make a search for Roy E. Moore, 23, truck driver, of Orange, who has been missing from his home since Sunday. He is described as being five feet, eight inches in height, weighs 145 pounds, has light hair and blue eyes, and when last seen was wearing a light colored suit of clothes and a pair of black oxfords.

## Indian Dies At Age of 99 Years

YAKIMA, Wn., June 7.—Yesnowit, 99, who died here recently, covered a span of life enjoyed by only a few.

Yesnowit, an Indian, saw savagery change into civilization. He kept pace with the development of the Pacific northwest.

The Indian discarded his blanket and "bobbed" his hair in white man's fashion years ago. He was a staunch member of the Methodist church in later years. He was a stockman of prominence in Simi valley, where he made his home.

## Congress to Aid Fight On Forest Fires

Washington D. C., June 8, 1926. J. P. Baumgartner, Editor Register, Santa Ana, Calif.

Congressmen Free and Barbour and myself appeared before appropriation committee this morning, vigorously urging \$100,000 appropriation as emergency for fire preventive work in Southern California national forests. Glad to advise we were successful. Money is to be appropriated on condition that local communities raise an equal amount.

PHIL D. SWING, M. C.

## ASK WOMEN TO TAKE PART IN HARBOR PARADE

An invitation today was extended women of Santa Ana and other communities in the county to participate in the parade tomorrow of automobiles through the county as a boost for the harbor bonds.

More than 50 machines already have been promised for the caravan and there will be room in the cars for women who may wish to make the trip.

Women who can are requested to be at the chamber of commerce office by 9:30 a. m., and those who cannot get to the location will be called for if they will phone the chamber office, 222.

"We would like to have as many women on the trip as possible," George Raymer, secretary of the chamber, said today.

Pointing out that the parade would be headed by the Santa Ana Municipal band and that the tour of important sections of the county would be continuous and without stop, Raymer said the caravan should return to Santa Ana a little after 12 o'clock. Raymer said that decoration of cars by the individual owners would be appreciated.

## Court Considers Councilman Case

LOS ANGELES, June 8.—The state appellate court today took under advisement the appeal of Harry K. Wietzel, former San Diego councilman, who was convicted on a charge of asking a \$20,000 bribe for his vote on a water issue.

The appeal was submitted on briefs and a decision probably will be handed down within three months.

Judges N. P. Conrey, Frederick W. Houser and John M. York heard the case.

## Big Attendance At Ad Meet Expected

A record attendance is expected for the special meeting and dinner of the Advertising Club of Santa Ana to be held tonight at St. Ann's Inn. It was announced today by the committee in charge of arrangements.

The program and entertainment will be presented by the Los Angeles Advertising club and will be in charge of A. Carman Smith, general manager of the Smith and Harris Advertising agency, Los Angeles.

## Damages Sought Of Banking Head

OAKLAND, June 8.—A \$50,000 damage suit against John F. Johnson, state superintendent of banks, brought by Joseph H. Goldman, ousted appraiser, was on file today in Alameda county superior court. Goldman charges malicious arrest. The suit was said to be an outgrowth of Goldman's arrest last June on a charge of conspiring to defraud the state banking department.

## Town Angered by Laundry Whistle

WILLOWS, Calif., June 8.—Something's got to be done about blowing these laundry whistles too early. One of the sirens, which serves as an alarm clock for a goodly part of Willows' population, was sounded at 7 a. m. instead of 8 a. m., the usual time, recently and the populace tumbled out of comfortable beds to rush to work.

When the citizens discovered they had been cheated out of an hour's sleep, they wanted to "clean" the laundry officials.

## Man on Long Hike Loses 15 Pounds

WAUSEON, O., June 8.—Undertaken by the local press, George Hasler Johnson, who is attempting to walk from Chicago to New York without partaking of food, left here this morning for Toledo, where he expects to spend the night. Johnson appeared in good physical condition as he set out for Toledo. His only sustenance is four quarts of water consumed every hour.

## 40 Men Fighting Fire In Forest

CALIFORNIA HOT SPRINGS, Calif., June 8.—With about 40 men fighting a fire started by lightning at Reddyslake creek, near Kern river, the last of the Kern county brush and forest fires is expected to be under control today. The burned area so far has been confined to less than 1000 acres.

## DELEGATES TO WOMEN'S CLUB MEET SELECTED

Entertained by the reading of a one-act play, written by Tacie May Hammond, formerly of the San Bernardino high school staff, and presented by Ray Bond Phillips, (Mrs. Ernest Crosier Phillips) a Stanford college mate of the author, the Business and Professional Women's club held a most interesting session yesterday at St. Ann's Inn.

Before introducing the entertainment, the president, Miss Louise Kaiser, made several announcements of much interest to the business women, especially that relating to the southern district convention, which will open in Anaheim Friday and continue through Saturday and Sunday. Miss Kaiser named her delegates and alternates, to include Vanehe Plum, Olive Lopez, Clara Cushman, Ruth Ellis and Helen Jeffrey. In addition, the club will be represented by a large percentage of its membership at some of the sessions.

Mabel Rockwell and Ida May Regan were introduced as guests with the assurance that Miss Rockwell soon will become a member. New members extended a cordial welcome included Ana Y. Bishop and Audrey Isbell Peterson.

An interesting decision reached by the club was to make the night of June 21 the monthly social evening and as many as possible go to Los Angeles to attend the Civic club dinner and program at the Woman's Athletic club. Rex B. Goodell will be one of the speakers and the program will be varied by song and dance numbers.

Warm applause greeted the introduction of Mrs. Phillips, who has appeared before the club on various occasions. "Hyacinths," the one-act play which she read, was of keen interest, partly because her hearers felt they were in close touch with the author and partly because it presented a business girl's problem, one that conceivably could come to any one of them. Mrs. Phillips' reading was sincere and understanding, the play in plot and development was interesting and the interval was one of the most interesting the club has experienced.

## SCOUTS TO ENTER MOUNTAIN WILDS

SEATTLE, Wn., June 8.—The wild regions of the Olympic peninsula, in western Washington, of which comparatively little is known, will be explored this summer by an expedition of 10 picked Boy Scouts, organized by the Seattle Star.

The region to be explored lies south and west of Mount Olympus. The scouts will be led by Field Executive Ronald R. Ruddiman, who will take the party down from the headwaters of the Queets river to Lake Quinault.

Results of the exploration will be furnished government departments for maps and records.

The Olympic peninsula, comparatively close to the heavily populated centers of Seattle and Tacoma, is isolated by many arms and channels of Puget Sound. Where the foothills merge into the rugged snow-capped mountains surrounding Mount Olympus, whose peak is 8150 feet above sea level, almost all traces of civilization vanish. In the country are many wild animals. Several Indian reservations are situated on the outskirts of this wild section of the peninsula.

The distinction of being the first woman railroad president in the Southwest belongs to Mrs. Sarah Edmonson, who has been elected to succeed her husband as president of the Louisiana Railroad and Navigation Company, which operates 350 miles of road in Louisiana.

## THIN, NERVOUS

Virginia Lady Tells of Taking Cardui and Says She Has Since Recovered Perfect Health

Lynchburg, Va.—"I have taken Cardui several times for a running condition and have found it perfectly splendid," says Mrs. Lee T. Marsh, 715 First Street, this city.

"About ten years ago," she explains, "I became so weak I could not go about. I looked like a skeleton and . . . I was dreadfully worried about myself. A friend suggested Cardui and I decided to try it."

"I kept up the medicine until I had taken six bottles. It regulated and built me up. I improved greatly."

"Last year we drove up here through the country from Florida. I was exposed to the weather and must have taken cold, for I became ill . . . I got run-down, lost flesh . . . I could not sleep and had no appetite at all. I was so nervous that I did not know what to do."

"I thought of Cardui. I began to take it regularly and it was not long before I began to feel better. I took six bottles, one after another, and at the finish of the last one was perfectly well again. Since then I have continued gaining in weight and all winter have been in perfect health."

# PROPOSED DOG ORDINANCE FOR CITY CREATES BIG OBJECTION

Delegates Appearing at  
Council Session Protest  
Immunization for Rabies

## 27 CASES REPORTED IN ORANGE COUNTY

Complaints Made to Muni-  
cipal Fathers on Poor  
Upkeep of Birch Park

Vigorous opposition to a recent county ordinance, designed to control and eradicate rabies, was voiced last night at the regular meeting of the city council by several speakers representing dog fanciers, private owners, and various humane societies.

A city ordinance, similar to that adopted by the county, is now under consideration by the council. Its adoption has been recommended by Dr. V. G. Presson, city health officer, who reports that at the present time there are 27 cases of rabies in the county.

### Speakers Voice Opposition.

Among those to speak against the dog measure were Mrs. Rose-  
monde Rae Wright, vice president of the American Animal Defense league, and an officer of the California Anti-Vivisection society, with offices in Los Angeles; Dr. H. T. Brown, a local physician; George Chamberlain, a dog fancier, 521 East Walnut, and Mrs. T. Brown, of Tustin. Accompanying these verbal protests was a resolution, adopted by the council, denouncing the provisions of the new dog ordinance.

It was brought out by the various speakers that the proposed immunization measures have failed to accomplish desired results and that, instead of curing the animal, they have had the opposite effect.

Mayor Frank L. Purinton assured the protestants that no definite action looking toward adoption of the ordinance will be taken until the trustees have had an opportunity of conferring with the health officials.

### Complain on Park Upkeep.

Complaints against the poor upkeep of Birch park, which today, it was charged, is everything but an advertisement to the city—a loafing place for vagabonds, loafers and non-descripts, including agitators and spouters—were made at the council meeting by spokesmen for a delegation of citizens representing the Old Soldiers' club, now reorganized as the Horseshoe club.

The delegation was headed by A. K. Cravath, 1705 Bush street. It was asserted that, because of neglect, the park has failed to accomplish its original purpose, that of providing an attractive recreation center for residents, tourists and visitors. The park is mostly patronized by idle Mexicans and whites who are not engaged in any useful occupation, it was asserted.

### Long Beach Idea Cited.

It was suggested by Cravath that the city fathers adopt the Long Beach idea of park administration, including installation of a croquet lawn, horseshoe pitching court, and

# CAPITALIST TO CAST VOTE FOR HARBOR DEVELOPMENT

C. C. Chapman, Fullerton capitalist and citrus grower, who has definitely announced that he will vote "yes" at the harbor bonds election on June 10.

## VALUE OF SHIPPING THROUGH L. A. HARBOR IS ADVANCED AS ARGUMENT FOR COUNTY PORT

Editor Register—The principal argument, in fact the only argument, so far submitted to the voters by those opposed to the harbor bonds, is the necessity for water conservation for the ranches in the northern section of Orange county, which, it seems, really are in a bad way, and must have help through a bond issue and therefore a direct taxation on all of the property of the county, if these ranches are to be saved.

In regard to water conservation, John R. Ragan, of Orange, makes the following statement in the Register:

"In my opinion, we have before us one of the greatest moves in Southern California, and especially in Orange county, that of water conservation. These developments must be met if we continue to live and prosper in this district. The Prado dam will cost around \$6,000,000; the Santiago dam, \$250,000; the Trabuco canyon dam will be something immense and the Colorado river, the greatest movement toward water storage and power in the United States. These projects will be paid through taxation, in which we all figure. Paying taxes is a privilege and should be a pleasure, when we know we are paying for something that will show fair returns to the greatest number of people."

**Need Water First**  
Ragan then devotes a column of space to argument for the defeat of the harbor bonds, for the reason that the county cannot afford to issue harbor bonds until after it has issued many millions in bonds for conservation of water for the ranchers of the northern section of Orange county. In regard to the harbor bonds he states:

"We are confronted with the propaganda of certain promoting organizations, which are thinking of their own selfish interests in the development of a harbor at the expense of the taxpayers of Orange county, and I desire to call the attention of those who bear

(Continued On Page 9)

# C. C. CHAPMAN FAVORS ORANGE COUNTY HARBOR

Fullerton Citrus Rancher  
Announces He Will Vote  
For Port Establishment

Everyone in Southern California, as well as a great number of people throughout the United States knows Charles C. Chapman, of Fullerton.

When he says "yes," he means "yes."

Orange county selected Chapman to visit Washington and appear before the rivers and harbors committee. At that time, Chapman paid an official call on President Coolidge and was accompanied on this visit to the White House by Francis Cutler, of Riverside. Mrs. Chapman and Mrs. Cutler also were in the party.

On the matter of the harbor bonds issue, Chapman naturally feels keenly interested.

To Mr. Chapman, a large shipper of oranges, as to the owners of the great Bastanchury citrus groves, the largest in the world, the matter of fruit shipments is very important, and these great citrus producers are watching carefully the experiments now being made of shipping citrus fruit by water. This, of course, affects the future of Orange county harbor.

Chapman has definitely announced that he will vote "yes" for the harbor bonds on June 10.

It also is of interest to note that another of the largest taxpayers in the county is an earnest advocate of harbor development, and appeared in person before the board of supervisors when the question of the bonds election was under discussion. James Irvine Jr., addressing the board, said that he was for the harbor because he considered it a measure for tax relief, especially for farmers, and not for making more taxes.

## Season Advanced In Tahoe Region, S. A. Man Writes

Dear Mr. Baumgartner:  
The inclosed check is payment for three months' subscription of The Register, May 21 to August 21. We look for the Register each day the same as a letter from home.

I left Santa Ana earlier this year, arriving at Fallen Leaf May 21. The season is very far advanced. Roads were open the last of April. There is some snow on the high peaks close to us, but none below the 75 foot level. The roads to Lake Tahoe and Fallen Leaf are a little dusty, but otherwise in good condition. Fishing season opened Sunday with a number catching the limit. Some of the smaller lakes farther back are still frozen over, and may be for another 10 days or two weeks. We had about 50 guests during the Decoration day holidays, although the lodge does not officially open until June 1.

I am sending this letter to you personally, as very little is published in the south as to the condition of roads around Lake Tahoe, and I know a great many people are interested in knowing. If, during the summer, you are driving this way, do not fail to call on us at Fallen Leaf.

Very truly yours,  
N. A. BEALS.

So vast has been the improvement in engine boilers and fireboxes that the power derived from a pound of coal today is nearly three times as great as it was fifty years ago.

# A Modern David

## COMMUNITY CHEST OFFICERS ARE RE-ELECTED AT ANNUAL MEETING OF ORGANIZATION

With but two changes, the directorate of the Community Chest remains intact today, as a result of the annual meeting of the chest, held last night at Boy Scout headquarters. No changes were made in the officers. William H. Spurgeon jr., president; T. E. Stephenson, vice-president; R. E. Dye, secretary, and Alex. Brownridge, treasurer, were re-elected. These officers have remained unchanged since organization of the Community Chest two years ago.

## GEREN NEW HEAD OF UNDERWRITERS

New officers for the Orange County Underwriters' association were elected at a meeting in the Woman's clubhouse, in Orange, the corps consisting of Charles V. Geren, Santa Ana, president; E. C. Robertson, Orange, vice president; A. F. Nowotny, secretary-treasurer.

The speaker of the evening was F. D. Casey, of Los Angeles, of the Mutual Life Insurance company, of New York. His address was full of valuable advice to managers and field men.

Miss Ruby House was in charge of arrangements for the evening. The program featured Miss Hortense Daniels, of Anaheim, who will be on the California program at the Sesqui-centennial exposition, in Philadelphia. Miss Daniels was accompanied on the piano by her instructor, Madame Manuela V. Budrow and sang two selections. The meeting was in charge of the women underwriters and opened with a 6:30 dinner.

Knives and Scissors sharpened, Hawley's, opposite post office.

Fresh mountain trout dinner served at Pennant Cafe. 85c.

# CLOSE TO 400 MEN TURN OUT AT DINNER TO GREET GRANGE

Phantom of Gridiron Makes  
Decided Hit with Large  
Junior Chamber Body

## NOTED LECTURER MAKES ADDRESS

Advisability of Develop-  
ing Orange County Har-  
bor Told by Inn Manager

The largest number of men ever to attend a meeting sponsored by the junior division of the Greater Santa Ana Chamber of Commerce was present last night, at St. Ann's Inn, at which time Harold "Red" Grange, C. C. Pyle, his manager, and several others were guests of honor. Nearly 400 persons were gathered about the tables.

Grange was introduced by D. Eymann Huff, who acted as toastmaster. Once Grange became launched into his speech he lost the slight uneasiness which had marked his first appearance at the meeting and proceeded to prove to one and all that he is a very democratic young man, not overly affected by his extraordinary ability on the football field.

"From this exception," the "phantom of the gridiron" remarked, "you might think I was George Washington or Abraham Lincoln, whereas I am nothing more than a football player, and I guess that is little enough." Grange cracked a few jokes and was given prolonged applause for his speech.

Pyle proceeded to tell some of the unpublished details concerning the theatrical activities of Grange. The manager declared he first came into contact with "Red" through giving the football player free tickets to his theater. He was frank to admit that his association with the famous athlete since the free ticket days had more than compensated him for the loss of revenue through the gift of the tickets.

### Invitation to Game.

Pyle announced that "Red" would appear in a football game for motion picture purposes on Saturday, June 12, and that he positively would make a 90-yard run through the opposing team, captained by George Wilson and including "Bullet" Baker. He invited those present last night to witness the game as the guests of Grange and announced that tickets could be secured through the junior division president, Mason Yould.

Grange and Pyle officially were "adopted" as citizens of Orange county by the gathering.

Before Grange left for Los Angeles, George Raymer, who admitted that he, too, like Grange, was an Illinois "sucker," presented the gridiron ace with two very long cigars, especially prepared for the guest of honor by the Pitner and Weber cigar factory, Santa Ana.

Grange and Pyle were followed by Burr McIntosh, for many years on the American lecture platform. McIntosh, well known to eastern radio listeners as the "cheerful philosopher," made a plea for strict adherence to American ideals, especially tolerance. He took exception to the remarks made Sunday, in New York, by Dr. John Roach Straton, pastor of a fashionable church, in which the preacher criticized the morals of the stage.

McIntosh also read a circular, which, he said, had been passed out to Los Angeles high school students, asking them not to consent to military training. McIntosh made a favorable impression with

## That Graduation Gift

Put yourself in his or her place. Think of the gift from the graduate's possible view of it. And buy a gift with the thought that it is to be a remembrance—of an important period in someone's life.

A gift Book is a thoughtful gift, and there are many of them in this store ordered especially for this occasion.

A Waterman Fountain Pen, a Diary, a Keytainer—a lovely box of Stationery, perhaps one in the new colors and styles, Crane's Linen Lawn or Highland Linen.

The Santa Ana Book Store is a real treasure house of gifts for the Graduate. We like to entertain all seekers of graduation gifts.

## Stage and Screen

Lois Moran and Belle Bennett in a scene from "Stella Dallas."

Ben Lyon and Blanche Sweet in a scene from "Bluebeard's Seven Wives," picture now showing at the Yost theater.

**YOST BROADWAY THEATER**

When "Stella Dallas," Henry Higgins' production of Mrs. Olive Higgins Prouty's famous novel is seen at the Yost Broadway theater, it will be revealed as an exact celluloid translation of the book. Even the original title has been left intact.

Even the book's ending, with its blending of happiness and heart-wringing pathos, is imagined in terms of romantic realism on the screen. "Stella Dallas" in its present form is the director's silent tribute to Olive Higgins Prouty's great novel visualized as entertainment for those who have or have not read the book.

Even the locale of the story has been faithfully reproduced in the selections of interiors and exteriors of Boston, New York and Long Island.

Unusual care in the selection of the cast was exercised to choose not only actors and actresses of recognized ability, but those who in their screen life looked like and typified the character they were to play.

Belle Bennett, picked as the seventy-third applicant for the part, is considered to be Stella Dallas to the life. Ronald Colman is Stephen Dallas, the romantic youth of good family. Alice Joyce is the kindly, understanding Mrs. Morrison. Jean Hersholt lives the role of Ed Munn, the wise-cracking, show-off riding master. Lois Moran, the unmodernized and unsophisticated child wonder, is the strange and beautiful Laurel.

of the range of the muzzle of the gun, while stark tragedy impends with two men fighting for their lives over the possession of the weapon. The scene is said to present Chaplinesque comedy at its best.

Again, in a later scene of the picture, Chaplin uses the weapon as a mirth-provoker by his efforts to hide the gun from "Big Jim McKay," played by Mack Swain, when the latter loses his reason through the ravages of hunger and seeks the life of the comedian.

In each case lurking tragedy is the background employed to move people to mirth through contrast with the ludicrous. It is said Chaplin senses more than any other entertainer this affinity between seeming opposites.

### YOST THEATER

There is a highly diverting comedy on the screen of the Yost theater this week in "Bluebeard's Seven Wives." Besides bringing a full quota of laughs, Kane has assembled a most unusual cast. Witness: Blanche Sweet, Lois Wilson, Ben Lyon, Dorothy Sebastian, Diana Kane and Sam Hardy, and many others.

"Bluebeard's Seven Wives" is one of the most original things ever accomplished in the comedy line. The picture gets its title from the exploitation stunt evolved by a motion picture press agent (Sam Hardy) to make his young movie star (Ben Lyon) a popular sensation. The press agent conceals a future for the young star in which at least seven wives are thrown across his path. With so many marriages the press agent is sure that his charge will become known as a modern Bluebeard.

The press agent, however, figures without a little thing known as Love. When his star succumbs to this, all plans are in the discard. The comedy is fast throughout and there is a beautiful Romeo and Juliet scene enacted by Lyon and Blanche Sweet.

### PRINCESS THEATER

There is said to be an excellent blending of comedy, drama and pathos in "His Buddy's Wife," the new Enoch feature production which is playing Tuesday, Wednesday and Thursday at the Princess theater.

The heart throbs are furnished in sequences between two war buddies and a beautiful New England girl whom they both love. Most of the comedy is injected through

## CITRUS GROWER TO BENEFIT BY HARBOR

As a citizen of Orange county, living in Orange, I am interested in the problems of the citrus grower. I have studied the harbor question from the standpoint of the owner of a citrus grove. I find, through the Santiago Fruit Growers' association, of Orange, during the year 1925, there were shipped to the Atlantic ports about 6,800,000 boxes of oranges and about 2,000,000 boxes of lemons. A saving of from 60 to 65 cents per box could have been made by shipping these oranges by water and a saving of about 40 cents per box on lemons. This means a saving in freight on these fruits along to the ranchers in the vicinity of Orange of the sum of about \$5,000,000 for such a volume of business. If this great sum can be saved through one packing house, how much more can be saved through all of them in the county?

You in northern Orange county know that the shipping of citrus fruits by water is coming, and this method of handling is improving fast. You will have, to Orange County harbor, a short haul by truck over direct roads, with moderate traffic. You know what this means in time saving and in convenience.

The ranchers of this county are now absolutely subject to the freight rates charged and the service rendered by the railroads, they having no competition. Contemplated improvement at Orange County harbor will not cause a reduction of freight rates, but will compel the improvement in their service, all of which will more than pay the ranchers and other property owners for any increase in their taxes.

For instance, one actual case known personally to me: A rancher assessed at \$10,700 on his ranch, shipping 4000 boxes of oranges to New York, will pay an additional tax on his ranch of \$6.42 and would save \$2400 in freight by shipping by water, which great saving would be made possible by the passage of this harbor bond issue.

L. F. COBURN.

## Young Stripling In Last Workout For Berlenbach

NEW YORK, June 8.—Young Stripling, who meets Paul Berlenbach here for the light heavyweight championship Thursday night wound up his heavy training with a fierce workout.

Jake Warren, his first sparring partner of the day, suffered a dislocated shoulder at the end of one minute of boxing and had to retire. The injury was received in a clinch. Lee Anderson, colored heavyweight, was knocked out in two rounds. Ben Touchstone was next. He boxed three rounds without suffering great damage. Stripling said he weighed 174 pounds after the workout.

Some small-town characters who have set such high ideals for their neighbors that they forget what they do themselves.

## RHEUMATISM Cannot Exist

It is preposterous; in fact, it is a shame to suffer with inflammatory, muscular, sciatic or any form of Rheumatism.

Trunk's Prescription does not ruin the stomach, it does not depress the heart. Eat all the meat and food you wish while taking Trunk's Prescription. Contains no mercury, salicylate soda, oil, wintergreen or narcotics, but overcomes any kind of rheumatism or gout on earth. What more do you want? It is impossible to get something better. Urlic acid solvent and superior liver medicine.

Trunk's Prescription sells for \$1.75 or 2 for \$5.00 at Rowley Drug Co., Fourth and Main.

## Anaheim Jurist Favors Harbor

Judge J. S. Howard, prominent jurist in Anaheim, is taking an active interest in harbor development, believing it to be necessary if the county is to continue prosperous. At one time Judge Howard was not in sympathy with the harbor program, but after seeing the way he had the courage to admit publicly that he had previously not realized the tremendous possibilities awaiting development. Judge Howard is well known in northern Orange county.

## Use Lemons to Whiten Skin

The only harmless way to bleach the skin white is to mix the juice of two lemons with three ounces of Orchard White, which any druggist will supply for a few cents. Shake well in a bottle, and you have a whole quart-pint of the most wonderful skin whitener, softener and beautifier.

Massage this sweetly fragrant lemon bleach into the face, neck, arms and hands. It can not irritate. Famous stage beauties use it to bring that clear, youthful skin and rosy-white complexion; also as a freckle, sunburn and tan bleach. You must mix this remarkable lotion yourself. It can not be bought ready to use because it acts best immediately after it is prepared.—Adv.

## CLUBWOMEN TO SELL COUNTY FAIR TICKETS

(Continued From Page 7)

from the county board of supervisors. However, the camp will not be ready by June 15.

A. B. Rousselet talked on the harbor bonds, telling of the benefits to accrue to Orange county.

The executive board meeting was opened by the president, Mrs. A. P. Nelson, and Mrs. H. M. Sammis led in singing "America, the Beautiful" and "Onward Christian Soldiers," followed by the salute to the flag and reading of the club meditation.

Among the coming interesting events is the music festival, to be given by Mrs. Sammis for the benefit of the Garden Grove Civic club, in the clubhouse on June 18, and a benefit for the lot fund of the Laguna Beach Woman's club, to be given on June 15, at 8:15 p. m. in Miss Anna Hill's studio. Miss Anna Priscilla Risher will arrange the program.

The sixteenth district nurses' association was received into the county federation. Mrs. Albert Launer, of Fullerton, was placed in charge of the sale of admission tickets for women's day at the county fair, and Mrs. Clayton, of Brea, of the dinner reservations, each club to sell its quota.

Miss Lolita Perrine, retiring art chairman, announced that her living picture entertainment will be ready for presentation in September. It will consist of 15 famous paintings, costumes, scenery and music.

Riverside Women Present Mrs. H. E. DeNyse and Mrs. Denzil Coldren, prominent Riverside clubwomen, were present, the former giving valuable assistance to club presidents in planning future programs. Mrs. DeNyse declared that the program is the backbone of the club. The smaller clubs were told of the various uses to which speakers from the various departments of the county and state and teachers from the schools can be put, when funds are not available to pay professionals.

Mrs. Nelson read an interesting letter from Mrs. Nellie Terry, of Anaheim, delegate to the general federation biennial convention, in Atlantic City, recounting the incidents which put California "on the map." Mrs. Terry had charge of the special stunt at the California dinner, honoring Dr. Mariana Bertola, state president.

Letters were received asking support for Mrs. H. E. DeNyse, of Riverside, and Mrs. Ira Ashcroft, of Coachella, who are candidates for district president at the fall election. No endorsement was made.

The next executive board meeting will be held August 5, in Costa Mesa.

## Abundant Berry Crops Predicted

VANCOUVER, B. C., June 8.—British Columbia's berry crops are likely to establish records this year, unless there is an unexpected change to unfavorable weather, according to officials of the department of agriculture.

Recent rains increased the prospects about 25 per cent. Strawberries and gooseberries have been on the market for some time, employing hundreds of pickers. The season opened much earlier than usual.

Loganberries promise to produce well, so that the province will turn out more wine this year, it is expected, than ever before. Wine-makers are prepared to handle all the loganberries produced, as their beverage product is gaining in popularity both here and abroad.

Favorable reports are being received from not only this vicinity but from Vancouver island and from the interior.

## CLOSE TO 400 ATTEND MEET S. A. CHAMBER

(Continued From Page 7)

his 30-minute talk.

Following his speech, Lincoln Quarberg, United Press correspondent in Los Angeles, was introduced and made a few brief remarks concerning the prestige which Santa Ana had gained throughout the Southland through the activities of the chamber of commerce. A short motion picture, illustrating the scope of the news gathering organization of the United Press, then was shown.

Previous to the formal opening of the program, several spirited numbers were offered by the Santa Ana municipal band, D. C. Clanton, director. Director Clanton and Manager Harry Hanson were introduced guest of honor by the Pitner and support given the band at the recent city election.

Miss Georgia Bell Walton, violinist, played three numbers, two of them in response to encores. A telegram from Secretary of Commerce Herbert Hoover was read by John Knox. The secretary stated that long established tradition prevented members of the cabinet from commenting upon projects such as the development of Orange county harbor "regardless of how much they might care to do so." Knox interpreted the position of the secretary as made plain by him on his visit last year to the harbor. At that time, he made strong statements concerning the advisability of port development at Orange county harbor, according to Knox.

Bisby Makes Address. The principal harbor speech of the evening was delivered by Robert Bisby, manager of St. Ann's Inn. Bisby offered several arguments for the bonds which had not been suggested before.

Mason Yould, president of the junior division, announced that more than 200 members of his organization were actively engaged in campaigning for the bonds and that the work would continue until the last vote had been counted in favor of the harbor proposal.

Judge Homer Ames, who recently was named to the Orange county superior court bench by Governor Richardson, made a short talk during the evening. He said that he was glad to return to Santa Ana after a lapse of some 16 years and that he was glad his home town could boast of such a live organization as the chamber of commerce.

Jesse Elliott was named chairman for the next meeting.

Crosley Radios, Hawley's, opposite post office.

Fresh mountain trout dinner served at Pennant Cafe. 85c.

## Paris Scientist Tells of Gland Experiments

DR. SERGE VORONOFF, an international authority on glands, has said: "The brain, the nerves, the muscles, as well as the liver, the kidneys and all other organs, would be incapable of playing any useful part without the aid of the glands. The functioning of our organs is no more than the activity of our glands, and when the bodily functioning is disturbed, the cause in most cases should be sought, not in the condition of the organ itself, but in the condition of the gland which controls it."

Glandogen, the new scientific gland tonic, which is prepared in convenient tablet form, for men and women, provides a simple method of taking glandular treatment. Accept no substitutes. Insist on genuine Glandogen, the original gland tonic. C. S. Kelley drug store will supply you.—Adv.

## ORDINANCE IS DISCUSSED AT COUNCIL MEET

(Continued From Page 7)

other facilities for games of various kinds.

Following some further discussion on the subject, the delegation was advised by Mayor Purinton to confer with the city planning commission regarding desired improvements.

A petition to widen the paving of North Main street, between Fourth and Sixth streets; a proposal to employ Dr. Carol Aronovitch, of Berkeley, as consultant to the city planning commission; award of the Pomona, Berkeley and Orange street paving contract and sundry applications were among matters taken up last night at the regular city council meeting.

Widening of Pavement. The North Main street paving petition calls for widening the paving two feet on each side of the thoroughfare from the north line of Fourth street to the south line of Sixth street by installation of a combination curb and gutter. The petition was referred to the city engineer for checking and recommendations.

The request to employ Dr. Aronovitch as consultant to the city planning commission, requested by the latter body, was ordered filed for future reference.

On the recommendation of the city engineer, the Groffth company, low bidder on the Pomona, Berkeley and Orange street paving project, was awarded the contract at 15 1-2 cents per square foot, totaling \$23,905.61 for 150,000 square feet.

"Eagle Rock.. CHANGE WIRES for Santa Ana!"

YOU have seen the big "power-house" at Eagle Rock. There are others, at Laguna-Bell, at Magunden, near Bakersfield...and at Vestal, near Porterville.

They are not power-houses at all...just "switching stations," where Busy Buttons changes wires on his rapid journey to the point where he is going to work for you, just as they switch cars at a junction.

And from the Mexican border, clear through California, into Washington and Oregon, and over into Nevada, all the power companies have "reciprocal" switching relations, just as the railroads do, so that if anything happens on one line, the power you need can be switched over to another line, and delivered without delay.

This means continued service, and economical service, because when one company has more power than it needs, it can switch its surplus over to another Company. Thus all generating plants are kept busy, all the time, and this is another reason why electricity is cheaper now than before the war.

Think of this the next time you see a switching station.

R. H. Ballard  
Executive  
Vice-President and General Manager

**HOW TO ANSWER BLIND CLASSIFIED ADS**

In answering blind addresses (for instance, Box 38, Register, or other similar addresses), please be careful to use the precise address given in the ad. Write address plainly. Letters brought to the Register office do not require stamps. Always include your answer in sealed envelope.

**T. F. (TILL) FORBID**

If an advertiser who has made application for credit and opened an account with the Register Classified department in the regular form desires to have any "line" advertisement published continuously until further notice, he may do so by signing a "T.F." order to that effect. An advertisement thus begun will appear regularly until countermanded by written order.

**BOX OFFICE REPLIES**

The Register postoffice department is conducted for the benefit of patrons who wish answers to come to the office. Advertisers are furnished with identification cards which must be presented at the Register office. For the protection of our patrons, replies are not given out except on presentation of box card.

No record is kept of the names and addresses of patrons using the Register postoffice. Therefore no information concerning these advertisers can be supplied. A charge is made for the words "Box A-234, care The Register."

## BERLENBACH, STRIBLING BATTLE THURSDAY

BILLY EVANS  
Says

## PROBLEM FOR HARRIS

Proper handling of his pitching staff is the biggest task of every major league manager.

In this connection I doubt if any big league leader has a tougher proposition ahead in juggling his pitchers than "Bucky" Harris of the American league champs.

The Washington staff is composed almost entirely of veterans. All four regulars have been in the big show 10 or more years.

Walter Johnson leads with 20 seasons to his credit, Joe Bush is second in years of service with 15, Coveleskie an even dozen and Reuther 10.

Veteran pitchers of 10 or more years in the majors often lose their stuff quickly. This is where the rub comes in as far as the manager is concerned.

Pitchers reasonably certain of going the route make the managerial job much easier. When to pull the faltering twirler is the bane of every big league leader.

## GRIFFITH EXPLAINS

Probably no one is better aware of the task that daily confronts Manager Harris than Clark Griffith, president of the Washington club.

A great pitcher in his day, Griffith hung on for years after his arm had lost much of its cunning. He was smart.

"There is no way to figure a veteran pitcher," was a remark Griffith made to me recently. "There is always a question mark attached to his arm."

"Often a manager purposely rests an old-timer for a week, only to have him fail to show a thing when called upon."

"On the other hand, a veteran pitcher, after working a hard game, is called upon only two days later and has a world of stuff."

"I speak from experience when I say there is no way in the world to figure a veteran pitcher and his stuff. He may have everything when you least expect it and nothing after you have 'prepped' him for some big game."

When to pull his pitcher is going to be a tough situation that Washington club will face many a time before the close of the season.

## REMARKABLE SHOWING

A young man of 29 years, who didn't reach the majors until 1920, Harris became a manager in his fifth year of service, winning a pennant and world series and repeating with a second flag. Some stepping!

He has early in his career set something to shoot at, having accomplished the ultimate in baseball, a pennant and a world series title.

Not only must he play the difficult role of second baseman, direct the play of his club, but also constantly keep his eye on the work of his veteran pitchers.

To yank or not to yank will be the big thing with "Bucky" Harris this summer.

## MANAGERIAL WAIL

While the problem of "Bucky" Harris relative to his pitchers is perhaps more perplexing than that of most managers, it is the real issue with every one of them.

In the south Rogers Hornsby feared for his pitching and not without reason. Rhem and Keen are the only two who have done consistently good work.

McGraw, who expected much better pitching this season, has been badly disappointed. George Sisler of the St. Louis Browns has been up against it. Even Connie Mack, with one of the best staffs in the majors, has suffered because of erratic work on the rubber.

Managing a ball club in the big leagues is filled with problems but none quite so difficult to handle as the proper selection of pitchers. It is often nothing more than a big gamble.

## PINCH HITTERS

Not so many years ago little help was expected from members of a pitching staff.

Times have changed, however, and now many of the best hitters in the major leagues are the pitchers.

Take three of the veteran members of the Washington staff. Walter Johnson, "Dutch" Reuther and Joe Bush. All are mighty dangerous when swinging the ash.

As a matter of fact, all three have won reputations as pinch-hitters aside from their twirling ability. When Washington needs a good right-hander in the crisis, Johnson and Bush often get the call. Reuther is often the choice when a left-handed hitter is desired.

For years Johnson has played pinch-hitting roles at Washington. The same with Joe Bush when he was with the New York Americans. Reuther first won prestige in that line as a National leaguer. He has continued it in the American.

The White Sox came from behind in the closing innings to defeat Boston, 10 to 5.

"THE MEETING"

OOOHH - I HEAR MISS MASCARA'S RADIO GOING - SHE MUST HAVE HAD IT FIXED - GEE, LET'S GO UP FOR A MINUTE, MISS REED!!

THE LITTLE SCHOOL TEACHER IS INTRODUCED TO MISS MASCARA

I DID JUST THE SAME AS YOU TOLD ME BUT ALL I GOT WERE FUNNY NOISES

MEANWHILE LITTLE TONY RETURNS TO THE FRUIT STORE AFTER CHANGING SEVERAL OF HIS FATHER COUNTERFEIT \$10 BILLS AND FINDS GLADYS REED, HIS TEACHER, THERE

OH HELLO, MISS REED! GEE, I'M GLAD TO SEE YOU!

I HAVE BEEN HAVING A NICE CHAT WITH YOUR FATHER, TONY, ALL ABOUT YOU!!

MISS REED, DIS IS MISTER WORKS - HE FIXA MY RADIO FOR ME!

TO-MORROW "THE REBELLIOUS RADIO"

## RED SOX ROOKIE

DELMAR LUNDGREN

The Boston Red Sox, American league tailenders, haven't much to be thankful for but they do have a most promising young mounder in Delmar Lundgren, a well built right hander, who curved 'em over for Birmingham in the Southern association last year. With a tail-end ball team, he had the impressive record of 14 victories against 15 defeats. Lundgren has a great fast ball. His curve is only fair but that can be developed.

## MARY BROWNE IS U. S. HOPE IN TOURNAMENT

PARIS, France, June 8.—Suzanne Lenglen defeated her first formidable opponent in the tournament, 6-0, 6-0. The luckless player was Mme. Mathieu. Lenglen was superb and toward the end was in such a hurry to finish the slaughter that when her tired opponent she snapped her fingers and danced around on her toes.

PARIS, June 8.—Defeat of Elizabeth Ryan by Joan Fry, the young English girl, has left Mary K. Browne the only American remaining in the women's singles of the international hardcourt championships.

Miss Browne is in the lower half of the draw and may meet Suzanne Lenglen in the finals. Suzanne's match against Mme. Mathieu, postponed yesterday because of rain, will be played today.

Miss Fry will meet Suzanne in the semi-finals. In their only previous engagement the French woman won 6-2, 6-0.

Howard Kinsey of California defeated L. Astrangul, 6-4, 6-0, 6-0. Kinsey had difficulty with his chop strokes during the early games but when he got going, his opponent was powerless. In the next round Kinsey will meet the winner of the Jean Borota and Paul Feret match.

## DEMPSEY BACK IN L. A.: WILL ANSWER CHARGE

LOS ANGELES, June 8.—Jack Dempsey will appear in a Madera county court when he is called there this week-end to answer charges of speeding.

"I don't know what the charges will be when I get there, but whatever they are I will be there to answer them," the champion told the United Press today. "I don't know whether I will plead guilty or not. It depends on what the charges will be."

Dempsey denied he had attempted to evade arrest. "I don't believe that a warrant was ever issued for my arrest," he said. "I am available any time they want me."

The champion, who has just returned from an extended trip in the east, declared he was feeling in great condition, and he looked it. There was no trace of the illness which attacked him at Hot Springs, Arkansas, recently, confining him to bed for several days.

"I am waiting no word from Tex Rickard regarding the Gene Tunney bout," he said, discussing his fight plans. "I am going to continue my training. I will be ready on three months' notice to step into a ring and defend my title."

## FULLERTON TO PLAY FOR TITLE SATURDAY

"Shorty" Smith's Fullerton high school baseball team will meet Santa Barbara for the Southern California interscholastic championship next Saturday but where the game will be played and whether the teams will hook up in a single contest or a three game series had not been definitely decided today.

Fullerton defeated El Covington's Calexico team, 9 to 6, in the semi-final round at Fullerton last Saturday while Santa Barbara took the measure of Alhambra, champion of the Coast Preparatory league.

Fullerton trailed Calexico through the major part of the fourth and things looked bad until the last of the eighth when Smith's henchmen pounded Parra off the ridge.

Fullerton defeated El Covington's Calexico team, 9 to 6, in the semi-final round at Fullerton last Saturday while Santa Barbara took the measure of Alhambra, champion of the Coast Preparatory league.

## CARD NINE OFF FOR ORIENT

## BROADWAY MEN PURCHASE C-C BOWLING ALLEY

Purchase of the entire equipment of the C. and C. Bowling and Billiard parlors at 509 West Fourth street and plans for the immediate installation there of an exclusive bowling house with eight tournament alleys was announced today by Harry Gaspar and Walde Andersen, proprietors of the Broadway Bowling academy, 319 1-2 North Broadway.

The transaction was fully completed today and Gaspar and Andersen assumed possession of the West Fourth street plant which has been owned and operated here for the last several months by Jack Comey, formerly of Los Angeles.

Three alleys from the Broadway academy will be moved to the other location immediately and the

Stanford University's baseball nine sailed from San Francisco today to play in Japan. The Japanese government is spending \$12,000 to finance the tour "to promote friendly relations between students of the two nations."

The players will return home in September after games in Honolulu, Japan and China. The picture shows the team and Pitcher Bob Phillips.

Portland, Ore., June 8.—Paul Strand, outfielder, will soon join the Portland Beavers, according to a wire received here today from Tom Turner, president of the local club.

Strand, formerly with Salt Lake, led the league in hits in 1922 and 1923. He was acquired by purchase from the Columbus club of the American association.

Strand, a right handed hitter, will strengthen the local club, which is overheavy with left handed hitters.

## Paul Strand to Join Portland; Will Aid Team

PORTLAND, Ore., June 8.—Paul Strand, outfielder, will soon join the Portland Beavers, according to a wire received here today from Tom Turner, president of the local club.

Strand, formerly with Salt Lake, led the league in hits in 1922 and 1923. He was acquired by purchase from the Columbus club of the American association.

POOR OLD TY  
DETROIT, Mich., June 8.—Ty Cobb was in traffic court today—of his own volition—to report that during the cloudburst of Sunday, a spare wheel and tire were stolen from his automobile parked outside Navin field, home of the Detroit Tigers, a professional ball team of which he happens to be manager.

## METER READERS HIT IN PINCH. DEFEAT PEEKS

When a ball team "hits in the clutch," or, to use more refined sportology, hits with men on bases—that team always has a chance to win games.

The Southern Counties Gas company squad, one of the early season favorites for championship honors in the Santa Ana City Indoor Baseball league, has been monkeyfied around in the second division because the club never could stick in the pinches.

The "gas house gang" began connecting when hits meant something at Lincoln park last night and registered a 5 to 3 triumph over the Arnold Peek market, which was handicapped by the non-appearance of its two stars, Ed Boyd and Higgins.

Jordan On Hill  
"Dizzy" Jordan, just recovered from a lengthy illness, did slab duties for the Meat-Cutters and he got by in fine shape considering it was his first game in almost a month.

Four of the five Gas company runs were earned ones—scores that were driven over on clean bingles. Bandick and Turner bunched hits to make the first counter of the night. This happened in the third canto and the Peeks came back with two in their half. Matheny's long triple scoring Heard. Matheny rang the bell on a wild pitch.

Sid Allender singled with two away in the Meter Readers' half of the fourth and George Wayne smashed out a homer to put his team out in front and never to be headed. A base on balls, an infield out, a wild pitch and an error allowed Richards to score in the fifth and an error and Richards' triple accounted for the last of the Meter Readers' scores in the ninth.

Lose Opportunity  
The Peeks' pushed their third

marker around the hassocks in the sixth and had a wonderful opportunity to sew up the contest in the seventh but they couldn't click them in the pinches. Berry started this frame with a single and took second on Heard's infield out. Matheny and Peek followed with infield singles that loaded the pathways and put to bat the head of the batting order but Richards, who hurled a steady game, settled down and retired Cannon and Fulson on easy popups.

The revamped Pacific Telephone and Telegraph company club, now under the captaincy of Gene Thomas, will make its debut against the Fluor Construction company tonight.

## WILL TRY AGAIN

Gertrude Ederle, great woman swimmer who nearly swam the English channel last summer, here is starting from New York on the Berengaria to renew the attempt.

Lillian Cannon, the Baltimore mermaid, already is in Europe training for the same ordeal, and it is expected she may make the great plunge before Miss Ederle. Both girls are to have the same trainer, the famous Bill Burgess.

# NEWS OF LOCAL SCHOOLS

## Julia Lathrop

The Julia C. Lathrop Parent-Teacher association has enjoyed a most successful year under the leadership of Mrs. G. N. Greer and her corps of officers. There has been a consistent and healthy activity in the membership and the programs offered have been unusually fine. A very real and cordial friendship is manifest between the organization and the teaching staff which is gratifying indeed, no better barometer being needed to predict "fair weather ahead."

As the programs offered at the monthly meetings are the true index of the purpose of the organization in which a conscious effort is made to instruct and broaden the outlook of the parents and present an opportunity of meeting the teachers in a friendly relationship, let us look at the high lights of the programs given here during the school year just past.

"Citizenship," a challenge to parents for more co-operation in the home, was the inspiring subject of the September meeting, and was given by our education chairman, H. G. Nelson. A pot-luck dinner and reception for the teachers in October left a pleasant memory which will long be remembered by all who attended and will doubtless serve as the forerunner of many more such friendly occasions. Dr. Thomas Blair gave at this meeting one of his fine constructive talks on "Our City Beautiful," and Clarence Gustlin who had just returned from his tour of America in the interests of American music and our native composers, emphasized the need of giving every student a general appreciation of music and art as the basis upon which to build greater things in later life.

The November meeting had for its speaker Mr. J. G. Beets of the faculty at the Huntington Beach high school, whose fine address was upon "Interpreting Education." Education was held by the speaker not to be the mere accumulation of information but has for its aims the following definite lines of purpose: 1—The development of character by right methods of conduct; 2—To train the child in rules of health; 3—To teach patriotism and love of country but not the hatred of other countries; 4—To give the

child training which will help it to enjoy home, love more and teach him the proper use of his leisure time, and 5—To give an appreciation of the love of the beautiful. His conclusion was that the solution of the problem of world peace is education, and that richness of life is dependent upon constant striving after an ideal.

December brought the long-looked-for Fathers' night when the men members assumed the duties of the officers, and conducted a most enjoyable evening. "What My Daddy Means to Me" as the subject of essays by the students, led up to "The Kind of a Father I Would Like to Be," as discussed by the Rev. Mr. Edgar, who said that we need to stay young with our children and always play fair with them in giving their ideas and confidences the interest and consideration they deserve. In January Thrift week was appropriately observed by two interesting talks on the "Thrift in the Home," by Mrs. Hazel Maxwell, and "Community Thrift," by Mr. E. B. Sprague. Founders' day in February consisted of a general social evening with representatives from other schools and past officers present to bring greetings.

In March the afternoon was given over to the formation of the new Child Study section with a model class conducted by Mrs. Earl Morris, state chairman of education and national chairman of the bureau of program planning. Mrs. Morris is one of our own local members and gave us a fine treat. April, month of laughing skies and lovely wild flowers, brought us Wild Flower day which was fittingly observed with a fine display in the rotunda of the school and an illustrated lecture on wild flowers by Mr. H. H. Tracy of the Fullerton high school. We do not see how any parent can afford to miss the rich feast which is spread for all who attend these meetings. Surely we can all make an effort just once a month when we gain so much by doing it.

Having shown the intellectual side of our life, let us take a brief glimpse at the more material side of our activities. The treasury was empty at the beginning of the year but tickets sold for the county fair and the checking booth operated there brought in nearly \$50; this amount was later swelled by the addition of \$175, netted from a dinner served to the City Teachers' league. Our percentage of the membership dues made the total of our working capital for the year \$265. Some of the good accomplished by the expenditure of this sum is told in the following items: operating expenses which include all food, laundry, janitor and cafeteria service, postage and stationery, and some service equipment as pitchers, are held to the astonishingly low sum of \$38.85. Gifts include a \$50 film projector for the school, two gold pins for past presidents, \$61 spent in furnishing the two rest rooms at the school, \$10 for birthday offering, a share in the watch presented to our retiring district president, a share in the picnic for the city teachers, and some pictures—a total in all of about \$162.

Philanthropy is credited with the following items: \$10 toward the purchase of an electric washer for a widow; \$10 to the Preventorium; \$10 to the junior college loan fund; \$10 for middy uniforms and \$125 for sewing materials for girls unable to buy them, \$1 for the Mexi-

can Center Christmas treat and a book in the library for the use of the Child Study class. I think that all will agree that our money has brought a wonderful amount of satisfaction as well as the more material things.

This record would be incomplete if we failed to note that after three years' delay the board of education has placed the honored name of our school over the front entrance. If the auditorium, which was promised us in the bond issue and afterwards eliminated, ever takes concrete form, we shall possess a reasonably complete structure.

## Roosevelt

### Assembly

"Our monthly assembly was given last Wednesday under the direction of Mrs. Christine Rogers. The served by two interesting talks on the "Thrift in the Home," by Mrs. Hazel Maxwell, and "Community Thrift," by Mr. E. B. Sprague. Founders' day in February consisted of a general social evening with representatives from other schools and past officers present to bring greetings.

In March the afternoon was given over to the formation of the new Child Study section with a model class conducted by Mrs. Earl Morris, state chairman of education and national chairman of the bureau of program planning. Mrs. Morris is one of our own local members and gave us a fine treat. April, month of laughing skies and lovely wild flowers, brought us Wild Flower day which was fittingly observed with a fine display in the rotunda of the school and an illustrated lecture on wild flowers by Mr. H. H. Tracy of the Fullerton high school. We do not see how any parent can afford to miss the rich feast which is spread for all who attend these meetings. Surely we can all make an effort just once a month when we gain so much by doing it.

Having shown the intellectual side of our life, let us take a brief glimpse at the more material side of our activities. The treasury was empty at the beginning of the year but tickets sold for the county fair and the checking booth operated there brought in nearly \$50; this amount was later swelled by the addition of \$175, netted from a dinner served to the City Teachers' league. Our percentage of the membership dues made the total of our working capital for the year \$265. Some of the good accomplished by the expenditure of this sum is told in the following items: operating expenses which include all food, laundry, janitor and cafeteria service, postage and stationery, and some service equipment as pitchers, are held to the astonishingly low sum of \$38.85. Gifts include a \$50 film projector for the school, two gold pins for past presidents, \$61 spent in furnishing the two rest rooms at the school, \$10 for birthday offering, a share in the watch presented to our retiring district president, a share in the picnic for the city teachers, and some pictures—a total in all of about \$162.

Philanthropy is credited with the following items: \$10 toward the purchase of an electric washer for a widow; \$10 to the Preventorium; \$10 to the junior college loan fund; \$10 for middy uniforms and \$125 for sewing materials for girls unable to buy them, \$1 for the Mexi-

can Center Christmas treat and a book in the library for the use of the Child Study class. I think that all will agree that our money has brought a wonderful amount of satisfaction as well as the more material things. This record would be incomplete if we failed to note that after three years' delay the board of education has placed the honored name of our school over the front entrance. If the auditorium, which was promised us in the bond issue and afterwards eliminated, ever takes concrete form, we shall possess a reasonably complete structure.

Mrs. Rogers was assisted by Miss Gladys Campbell at the piano.

ing very happy and judging from all reports their trip was up to all expectations. They visited the Fine Arts museum and the Industrial Arts building. After these trips, they had a fine time in the children's playground.

They took picnic lunches with them which Mrs. Wells and the girls had prepared.

## Edison School

### Attendance Records

Those having had perfect attendance for the year at Edison school thus far are: Mrs. Smith's room, Harry Nelson, Pauline Jesse, Mary Dahm, Juanita Smoot and Lilburn Jesse. Lois Porter was ill on last Friday and lost 40 of a day, the first absence this year.

Mrs. Maddock's room: Charles Holmes, Louis Holmes, Barbara Crawford, Olive Herman, Maxine Frank, Henry Hunkins, Frank Dahm, Juanita Smoot and Lilburn Jesse. Lois Porter was ill on last Friday and lost 40 of a day, the first absence this year.

This makes a total of twenty in the school who will receive the certificate of attendance at the last assembly on Wednesday. On reading the list of students on the honor roll for merits received during the year in student self government the names for perfect attendance tally very closely with the names of honor students. This, of course, is perfectly natural as the best work is done when no work is missed and the keen interest is not lost; school spirit is involved in keeping up our scores for the year, and citizenship involved in ranking at the head of student self government, which includes scholarship first in its merits then attitude and deportment. Ten merits are given each month for perfect attendance, two for no demerits, fifteen for rank one in text books, one for service on the council or on detail duties about the campus and teachers may give merits for special service. In citizenship it may be said that while the flag duty must entail some early rising and prompt report to duty, yet in the two years that the Edison school has been open, not once has the flag been put up late, nor has a teacher or janitor ever raised or lowered the flag. It is the special pride of the students to honor this national emblem of ours.

Honor Students  
Honor students in the system under the student self government are as follows: Mrs. Ward's first grade: Effie Vaughn, Lucy Vaughn, Helen Messenger, Helen Hicks, Donald Nelson, Earl Fortune, Florence Mae Nelson.

Mrs. Fletcher's second grade: Jacob Bowser, Helen Koral, Evelyn Taylor, Kathryn Dahm, Mary Maynard.

Mrs. Maddock's room: Doris Hessfield, Esther Jauregui, Lee Kohler, Virginia Wilson, Erma Endres, Virginia Jones, Barbara Crawford.

Mrs. Smith's room, fifth grade: Billy Baer, Maurice Birt, Mary Dahm, Leroy Carse, Donna Endres, Dorothy Gutzman, Pauline Jesse, Albert Sanford, Eunice Tyrrell, Walter John Wilson, Homer Edwards. Sixth grade: Lola Frank, Lois Porter, Joseph Koral, Lilburn Jesse, Juanita Smoot, Ann Chulidil, Marian Herman, Clyde Hale, Willis Kirkpatrick, Lucille Taylor.

The upper grades necessarily have more merits, for upon them devolves the heavier responsibilities, for the entire school, such as library duty, store room listing and checking of supplies, lines and morning flag salute, groups of younger children in physical training, drilling of groups for program work and other numerous opportunities that do not fall to the lot of the younger student but which use the resources of the growing boy and girl in any line in which they need or wish to develop.

These forty students will receive a framed reward of merit from the Edison school showing that they are honor students for the entire year. The bestowal of these rewards will be made on Wednesday at the last assembly which will be at one o'clock.

### Pleasant Party

Last Friday, a committee of mothers from the fifth grade assisted the fifth grade boys and girls to give the very nicest party of the year to the outgoing sixth grade who will go to Julia Lathrop junior high next year. Mrs. Baer, Mrs. Sanford, Mrs. Tyrrell and Mrs. Carse were grade mothers for the occasion and had room four decorated in the class colors, red and gold, and such a bower of flowers that every one was delighted and proceeded to have a good time. The sixth grade put on a playlet "Captain Kidd's Treasure" and the fifth gave a laughable skit called "Teaching Teacher a Lesson."

Mr. Cranston gave a most inspiring talk to the class with some wholesome advice which they must use in the near future. Mr. Smith gave a short talk and the teachers gave a word of appreciation for the work of the class during the year. Lilburn Jesse then gave the courteous thanks for the class to those responsible for the party and called the attention of those present to the class motto on the wall beautifully lettered and framed. The class chose the motto unanimously as best portraying what they have tried to accomplish in their lives in the school through student self government. It is, "God Keep These Beautiful Within." This motto is to be left for the incoming sixth grades as a memento of this class of 1925.

The class membership is as follows: Ann Chulidil, Frapp Carter, Pauline Evans, Lola Frank, Lilburn Jesse, Josef Koral, Clyde Hale, Willis Kirkpatrick, Lois Porter, Lucille Taylor, Juanita Smoot, Marian Herman and Susie Goetz. The sixth and fifth grades earned \$12.50 from the sale of magazines and Miss Livingston remitted \$3.89 from library fines. The framed motto is to be left at the school and 16 books for the nucleus of a library are the memories of happy and busy days at Edison school for these two years and the best wishes to those following.

## Franklin

The girls of Frances Willard and Franklin had a very interesting game two weeks ago. The Franklin girls did not think they stood any chance, so we were agreeably surprised at the score, Junior high 15, Franklin 16.

### Boys' Contest

The boys of Lincoln and Franklin played the last game of the season at the Lincoln field last Wednesday. The Lincoln boys proved they are good players for the score was 3 to 1 in their favor. Unfortunately for Franklin several of their best players were not able to play.

### The 6-A Picnic

The sixth grade is planning to have a picnic, Wednesday, June 9 at Orange County park. As this will be the last meeting or picnic that

the class will be together, they plan to have a very good time.

—Dorothy Heinly.

### Memorial Program

We had a Memorial program Friday. Some pupils recited poems and H4 sang a song. Dorothy Heinly and Eugene Best sang a duet. At the end of the program Miss Allen presented by Miss Wherry. Fifteen were given out. Those who received them were Henry Wagner, Irma Leigh Fernandez, Margaret Krebs, Harry Spragin, Pearl Headly, Grace Mendez, Lola Saldana, Blair Little, Doris Edith Hollaway, Dorothy Heinly, Mary Mendenhall, Rowland Pickhardt, Ruth Penkins and Very Rickman.

—Grace Mendez.

### 6th Grade Play

A play was given by the sixth grade for the last P. T. A. entitled "Sir Percival, the Boy Knight." The main characters were "Percival," Eugene Best; "Percival's mother," Ruth Jenkins; "Percival's sister," Margaret Krebs; maids, Fern Schorle, Doris Nichols, Marilee Rankin; King Arthur, Byron Merchant; Queen, Dorothy Heinly; Red Knight, Charles Love.

All the girls were ladies in waiting and the boys were knights. They looked like real knights in their costumes which we had fun in making. The boys made helmets and swords. The people seemed to enjoy it even though we did not have as much time as we would have liked to practice it.

—Ruth Jenkins.

### School Farewell

Farewell to Franklin school. Where the teachers overrule 'Tis there we've spent many a happy day. But now at last we're going away. We hate to leave the teachers dear, But we must go to have a good career.

We have learned lots from our books and teachers too. Here our joys were many and our troubles few. Often will our hearts be yearning For Franklin the source of much of our learning.

Every single teacher is as nice as she can be. Al lare very jolly and awful good to me. Miss Troeschle teaches us how to read.

And gives us all the help we need. Miss McFarland teaches arithmetic. She hardly ever uses a stick. Miss Ingham is the best story teller. She knows how to please a feller. Miss Yer plays the piano with skill For whenever we listen it gives us a thrill. Miss Allen teaches us correct language to use. In her presence the king's English we must never abuse. And our dear principal is Miss Sweet.

To have her for our leader we think is a treat. Farewell dear Franklin school. We hate to leave although Your memory will be with us. Everywhere we go.

—Ruth Jenkins.

### Artesia

#### Annual Picnic

Great was the excitement at Artesia school on Friday, May 28 as 240 children waited anxiously for the trucks which were to take them to Orange County park. Gay were the dresses and shining the faces for the picnic is a big event in the school year. At last the big Excelsior trucks arrived and the children were load-

ed in under the supervision of their teachers and the big trip began. After they reached the park each teacher took her children around to see the various animals and to romp and play on the swings and slides. After a ball game the dinner gong was heard and everyone was more than glad to sit down to the tables in the cool shade of the giant oaks. Under the direction of Mrs. Ritter the dinner of chili beans, "hot-dogs" and rolls, ice cream and cake was very quickly served by Mrs. George Spangler, Mrs. A. F. Schultz, Mrs. Flake Smith, Miss Mildred Cratsenburg and Mrs. J. W. Rose, J. W. Rose acting as chief handy man as usual.

After dinner a program consisting of stunts, one given by each room, was immensely enjoyed by everyone. All too soon the time for the homeward trip arrived.

Ice cream for the occasion was very generously furnished by the Kiwanis club and transportation by the Excelsior Creamery company. Many thanks are also due the ladies who helped so efficiently in serving the dinner.

THE ROMANCE OF AMERICA—Nathan Hale

—BY REDNER

Captain Hale and his men sprang on board the supply ship, secured the sentry, confined the crew in the hatches and took the ship to shore. The provisions were distributed among Hale's hungry soldiers, while the sloop went to the general supply depot. Hale was commended by Washington. By late in August the British forces had gained many very advantageous points around New York.

Washington recognized a very serious situation. The British army was well clothed and fed, while the American forces were in a demoralized condition. Their clothing was in rags and food was short.

About this time the British government instructed General Howe to offer bounties to those who would desert the rebel cause. This further demoralized the spirit in the American forces.

Washington then noted mysterious actions by the British naval forces. He called for some officer who would penetrate the British camp and lift the veil of secrecy. Many officers objected to an officer lowering himself to the rank of spy. Nathan Hale, however, volunteered, saying, "I will undertake it. The soldier should never consult his fears when duty calls."

DR. W. B. CALDWELL AT THE AGE OF 83

A Child's Laxative which Mothers Can Rely On

To Dr. W. B. Caldwell, of Monticello, Ill., a practicing physician for 47 years, it seemed cruel that so many constipated infants and children had to be kept "stirred up" and half sick by taking cathartic pills, tablets, salts, calomel and nasty oils.

While he knew that constipation was the cause of nearly all children's little ills, he constantly advised mothers to give only a harmless laxative which would help to establish natural bowel "regularity."

Dr. Caldwell's SYRUP PEPSIN

In Dr. Caldwell's Syrup Pepsin mothers have a regulating laxative which they can depend upon when-

ever a child is constipated, bilious, feverish or sick from a cold, indigestion or sour stomach. All children love its pleasant taste. Buy a large 60-cent bottle at any store that sells medicine and just see for yourself how perfectly it cleanses and regulates the bowels of infants and children.

The WOMAN'S DAY

O Beautiful Lady! Some gushing traveler in our midst opines that never, never have American women been so beautiful as now. Which strikes my listening ears as a copious and undiluted measure of applause. Women may look more comfortable, healthier, than ever before. But if you come right down to those aesthetic qualities known as feminine beauty which knocks one for a loop, they're not in it at all compared with the girls who once made personal beauty their life-time interest and full working day job!

Gotta Longa Haira Club Fourteen long-tressed maidens in Milton college, Wisconsin, have joined together in amicable fellowship in a club yeelped Gotta Longa Haira, for the laudable purpose of furthering and abetting long hair. Which is what all this country most, this spirit of converting everybody to your own ways and opinions. If gals want long hair, let 'em have it, but for goodness sake why need they insist that everybody else have it? A bad spirit for humans so young!

They Want to Work The housewives of America want to drudge. They don't know what to do with their time if they don't. They must be educated out of drudgery, pulled out. All this from Mrs. Mary King Sherman, president of the General Federation of Women's clubs. Which is a very smart observation and only what every woman knows who has ever tried to foist a new labor saving method upon a woman who has been accustomed all her life to do it the hard way.

Yellow Luncheon Many yellow and white luncheons are given in the spring for brides and bridesmaids. For an original dish, make lobster eggs, hard-boiled eggs in halves lengthwise, remove yolk and mix with chopped lobster meat moistened with mayonnaise. Serve upon lettuce leaves with cress or parsley for garnish.

Beauty and Sitting With so much agitation about the havoc wrought by drastic dieting for reduction, something else had to be done! Now they tell us that sitting and standing just so, achieving a certain line, will take away 20 pounds or add as many. If your arms are short, sit, they say, with body inclined a bit forward, and upon knee. If you would look taller, stand relaxed with knee and foot extended towards the onlooker. If you are too tall, sit with limbs crossed at the knee and drawn backward.

Not Correct! It is not good for a man and his wife to register at a hotel as "John B. Smith, New York, and wife." The wife is as much of an individual as John B. Smith. The correct registering should read, "John B. Smith, New York." Children under 16 are not registered by name, but just "two children."

Ensemble Bathing Suits Now there are even ensemble bathing suits for the deep cold sea waves. Very few one-piece suits this year. Sort of two-piece dresses in silk prints, with wool jersey tights in solid color to harmonize with one of the print colors in the frock, are very nifty.

A Thought

The disciple is not above his master, but every one that is perfect shall be as his master.—Luke 6:40.

We must truly serve those we appear to command.—Fenslen.

LIGHT AND AIRY White organdie, pleated or embroidered, is the most popular fabric for vests and collars at the moment.

MASCULINE TOGS The wide girdle, which gives the effect of a waistcoat, made of white pique or satin is very charming with the dark wool suit.

CHINESE INSPIRATION Some of the most attractive of these season's silks are printed in Chinese designs very similar to those we find on wall paper.

Just Folks by Edgar A. Guest

Young folks have rights, say I, The right to live until they die The right to boyhood, girlhood, too, The right to have their point of view, And what's Old Age, so prime and wise That it should dare to tyrannize? Is wisdom such a precious thing That it should kill the joy of Spring? Youth has a right to have its fun, Winter will come when summer's done, Most old men living, I surmise, Would rather be young today than wise.

ADVENTURES of the TWINS by OLIVE ROBERTS BARTON

"We're in a nice fix now!" said Nick trying to look at Nancy.

It was all very queer about the Twins. They weren't Twins at all any more, but just great flat splashes on the ground like paint. You could see their heads and faces and hands, and feet and clothes, but they looked exactly like pictures someone had painted on the ground. It must have been because they fell such a distance from the giant boy's hand, that they smashed so flat.

But it hadn't hurt a bit! It felt just as though they had fallen on spongy pillows. "We're in a nice fix now!" said Nick, trying to look at Nancy. "I should say so," said Nancy. "If someone could scrape us up, maybe we could roll down a hill and get all right again!"

At that minute a man rushed out from a restaurant across the street where he had been baking wheat cakes in a window. His cake turner looked as big as a snow shovel. "Don't move and I'll fix you," he shouted. "Just a minute. With that he deftly slid his cake turner under Nancy and scraped her up. Then he slid the cake turner under Nick and scraped him up.

Both of them began to laugh. "This is a queer place all right," said Nick. "The funny part of it is that no matter what happens to you, nothing hurts." "Oh, look!" said Nancy suddenly, pointing to a woman across the street. "What?" said Nick. "But he could see for himself what Nancy meant. For while he looked, the woman changed into two women and then into three women and then into four, five, six, seven women all exactly like the first one. All with umbrellas in their right hands and baskets in their left hands. "It must be the seven wives going to St. Ives," said Nancy. "Oh, look, look! Now there are only five—no three! Why, they've all gone but one!"

Cynthia Grey Says:

New Tolerance Of Women Toward Others Of Sex Is Cause For Rejoicing

By CYNTHIA GREY "American women are acquiring broad views. They no longer discriminate rigidly between the nice and not-so-nice members of their sex," lamented a business man the other day. "I can remember the time when a woman who was even suspected of indiscretion was ostracized by other women until her dying day. That doesn't happen any more."

To Saner Attitude It seems to me that it is coming to a saner and more kindly attitude toward human weakness and human failure. This new tolerance would seem to be occasion for rejoicing rather than for regret.

Women have always been accused of cruelty toward one another, particularly when sex morality was in question. If they are beginning to see with kinder eyes and to give the helping hand instead of the cold shoulder, somebody ought to light bonfires on all the hilltops. A woman prominent in national club circles took a more liberal view of woman's changing standards. "Since woman went into business and saw that life was not the simple black and white affair she had been taught to consider it, but a complicated tapestry in which virtue and sin shaded into each other, she has changed her attitude toward those of her own sex who violated the conventional moral code. She does not ostracize any more, without hearing all the evidence. And even when she can't approve, she is far more inclined to sympathy than she used to be."

Men Are Reluctant The very men who decry the new code are often the ones who rely most heavily upon the old double standards to cover their own doings from grace. Woman has been more tolerant of man's weakness, and the men folk would like to keep her in that wholesome state of mind. They don't like to see her judging women by the same code. "It encourages looseness," they think. Somebody has to be strictly virtuous in this human family, they seem to feel. And it's a whole lot more convenient for the women to do it.

Menus for the Family

Breakfast—Stewed prunes, cereal, thin cream, poached eggs on rice, crisp whole wheat toast, milk, coffee.

Luncheon—Tomato chowder, croissants, cottage cheese, sandwiches, cottage pudding with strawberry sauce, milk, tea.

Dinner—Cream of onion soup, veal scaloppes, scalloped potatoes, buttered spinach, romaine salad, whole wheat bread, rhubarb bombe, sponge cake, milk, coffee.

This is a delicious, inexpensive dinner menu that might well be planned for guests. The veal croquettes are baked rather than fried in deep fat. If preferred a fruit cup can be used in place of the soup suggested, but as the meat is light, the soup really adds nourishment and is needed. Rhubarb Bombe Two pounds rhubarb, 1 cup water, 2 cups granulated sugar, 1 egg white, 1-2 cup powdered sugar, 1 cup whipping cream, 1-2 teaspoon vanilla. Wash rhubarb but do not skin. Cut into inch lengths. Put rhubarb water and granulated sugar into a baking dish with a close fitting cover and bake about 2 hours in a slow oven. When rhubarb is tender and the juice is clear strain through a cheese cloth. There should be about 4 cups of syrup. When cold turn into freezer and freeze like any water ice. When well frozen line a melon mold which has been thoroughly chilled with the frozen mixture, making the ice about an inch thick. Fill the mold with mixture and cover with remaining ice. The mold should be firmly packed and filled "full." Cover with a pie of heavy waxed paper and a dust cover of mold. Pack in four parts of ice to one

BEAUTY CHATS

ANSWERED LETTERS

Mrs. R.—The changing shade of your little girl's hair is natural and you should not use anything to bleach it. The few freckles she has on her nose cannot be a detriment to her appearance, and it would be risky to keep her skin free from them by using bleaches. For yourself, try a hair tonic that has some sulphur in it, and massage your scalp every day to improve its circulation. Pure rice powder is probably what you need for your skin. Gum tragacanth dissolved to the consistency of muciilage can be used on the hair to train it to curl.

Mrs. E. H.—Egyptian henna is the best, and you can get this or henna done up in small packages in which there is just enough for one shampoo. The length of time you leave it on your hair is what decides the depth of shade.

As you merely wish to brighten and not change your natural shade, mix the powder with the soap suds which you rub all through your hair as a shampoo. Let this stay on your hair for 15 or 20 minutes and then proceed as with any other way of shampooing. If your hair is fine make the time much less, say ten minutes, but you will know the needed time after you have experimented a few times. T. A. D.—Sometimes a case like yours where the hair is falling

HOLLYWOOD

HOLLYWOOD, June 8.—The 1926 bathing beach costume of the film set is being directed primarily at the imagination, rather than at the untutored and gaping eye of the beholder, as the season opens hereabouts. Coyness, not bareness, is the keynote in seaside manners.

A wave of conservatism has very markedly expanded the one-time brief, not to say negligible, one-piece suit which, if memory serves right, was launched upon a breathless world by the old Sennett beauty chorus.

Two-piece attire is the fashion of the hour among the movie leaders. And, worn by some who helped popularize the former skin-tight models, they seem strangely old-fashioned. Most of the surf designs are profusely decorated, covering the entire body, without even a knee showing. If, as is usually the case, the bathing populace follows the pace of the movie mermaids, seaside censors will actually have time this year to do a little swimming themselves.

However, none of the suits fails to accentuate the figure most alluringly. They set their wearers apart from the horde. And, as Marie Prevost, who came to stardom in the Mack Sennett bathing beauty clan, succinctly states the case—"They lend an air of intrigue which the skin-tight, single-piece suit failed to achieve."

Among celebrities seen in two-piece suits with stockings at the official beach opening day were Colleen Moore, Florence Vidor, Clara Bow, Esther Ralston, Marguerite de la Motte, Mary Brian and Lelita Lee.

There is a gaping wound in the side of Hollywood where wreckers are leveling the historic movie buildings on the Famous Players-Lasky lot, as the company prepares to occupy its new 26-acre home two miles away.

Here, a dozen years ago, Jesse L. Lasky and Cecil B. De Mille pooled their money and rented a barn in the midst of a secluded lemon orchard. Soon modern Hollywood found and enveloped the barn and its cluster of always growing stages. The razing of this studio, which has housed many of filmdom's most famous, is another sign of the centrifugal force of soaring realty prices which will one day fling every big Hollywood studio toward the outer rim of population.

Screen actors have been teaching camera make-up to Gene Tunney of ice cream salt and let stand two or more hours. To make the filling beat the white of egg until stiff and dry and beat in half the powdered sugar. Whip cream until thick, adding remaining sugar and vanilla. Combine whipped cream and white of egg mixture. Chill thoroughly but do not freeze before using as filling.

What Is a Monthly Payment Loan?

An installment loan requires the payment of a part of the principal each month until the loan is finally wiped out. Interest is not charged on the full amount of the loan, but on the balance due each month. You are given the choice of several different payments and you can take the one most suitable to your income. A part of the loan or the balance of the loan may be paid off at any time by adding one month's advance interest. If your mortgage loan is now payable, why not transfer it to a monthly installment loan and thus reduce your indebtedness each month. Call at the office for further particulars.

# NEWS FROM ORANGE COUNTY TOWNS

## NUT GROWERS HEAR REPORTS COVERING YEAR

ORANGE, June 8.—Speaking on the necessity of branding walnuts packed by the local plant because of the increasing marketing of foreign grown nuts in the district fed by the local supply, Dr. H. H. Batchelor, chief inspector for the Richmond Walnut association, addressed the stockholders of the Richmond association at the annual meeting held in the local plant.

His talk also disclosed the fact that very few new orchards are being planted in Orange county, the present leader in walnut acreage in California. A great many new groves are being planted in Riverside county and a few in Santa Barbara county. According to Batchelor, Riverside will lead the state in number of acres planted to walnuts within a very few years. Batchelor estimated the crop for 1926 to run approximately 50 per cent of last year's or 75 per cent of a normal crop.

In his annual report of the financial affairs of the association, A. D. Smiley, secretary-manager, reported a return to the growers of 90 per cent of the value of the walnuts sold less the local operating cost. The expense of selling through the California Walnut Growers' association was reported to have been slightly higher than in the past at 5 per cent.

A total of 1,699,563 pounds of walnuts were received and 1,705,563 pounds were sold thus showing a gain in weight of 6000 pounds.

Of the \$315,964.61 disbursed, \$241,164.14 was paid to the growers. The remainder was expended in small amounts for expenses, salaries, materials, etc.

Other numbers on the program were performed as follows: Orchestra selections, high school orchestra, directed by Josephine Hardin; vocal solos, Hazel Smith and Lorraine Sturbaum; saxophone duet, Dick Wilson, Grant Goddickson; guitar solos, Clinton Mrazek; class prophecy, Bill Brattmiller; "Jumping Jack" specialty dance, Lois Clement; orchestral selections, high school orchestra; senior "swan" song, using the tune of Aloha Oe, senior class.

## Two New Wells Being Drilled At Yorba Linda

YORBA LINDA, June 8.—The Union Oil company is erecting two new derricks this week. One, the J. W. Newell No. 4 is up, and to offset this, Coyle No. 5, just across the road south, is being built. The well is only a few feet east of Coyle No. 5, recently completed.

The Herndon and Hunter well on the C. C. Wagner ranch has reached a depth of 3360 feet and is said to have good showings in a top sand. The derrick is up for the new well the Nugent company is going to put down on the P. W. Damon ranch and the boilers are being installed this week.

## H. S. LEADER

Miss Louise Artz, first girl student body president in the history of Tustin high school. Miss Artz was elected and installed last week defeating a boy candidate in a close race.

## GIRL ELECTED PRESIDENT OF STUDENT BODY

TUSTIN, June 8.—For the first time in the history of the Tustin high school, a girl is at the head of student body activities.

Miss Louise Artz, popular senior, was selected president of the student body at the semi-annual election of officers here last week. Installation ceremonies were held Friday. Miss Artz won a close race from a boy candidate for the office, and while she is the first girl in the school to be honored with the position, students declare her deserving of the post.

During the past half of the school term Miss Artz has served as secretary to the student body. She was vice president of her class during both the freshman and sophomore years and is a member of the high school year book staff. Besides being a popular girl in all social and student body activities in the school, she is also a member of the honor society and has been during her three years in the school.

Walter Huntley was selected vice president of the high school student body; Miss Doris Goff, secretary; Miss Doris Messinger, treasurer; William Jeffries and James Cole, yell leaders; Miss Virginia Vau, foreman; Elmer Rittner, parliamentarian; Thomas Crawford, boys' athletic manager; A. Thierly, girls' athletic manager.

Activities at the school will be brought to a close this week. Tomorrow class day will be observed. Thursday night the annual junior-senior banquet will be held at the Elbel club house in Santa Ana. Friday night the high school graduation exercises will be observed and Saturday night the annual alumni-senior banquet will be held at the high school cafeteria.

Members of the honor society of the school were guests of Principal J. W. Means and Vice Principal Miss Emma Hield at a beach picnic on Sunday afternoon and evening. The party was held at Anaheim Landing. More than 25 members of the society were present. Other organizations, athletic teams and groups in the school are holding informal farewell parties in preparation for the close of school this week.

## Japanese Consul Is Speaker At Anaheim Banquet

ANAHEIM, June 8.—"The Japanese people in America love their native land, which gave them and their ancestors, birth, but their loyalty to their adopted land, the United States of America, is second to that of no other people," said Chichu Obashi, Japanese consul at Los Angeles, in an address presented at a banquet given in his honor by the Anaheim Japanese, in the Hotel Angelina roof garden.

Prominent civic leaders, professional and business men of this city and other prominent Orange county sections, were present as guests of the association, each speaking briefly.

G. Toshino, president of the association, introduced M. Nishimura, who acted as toastmaster. William J. Carmichael, Fullerton city trustee and president of the Associated Chambers of Commerce of Orange county, was the first speaker. He paid a tribute to the honesty and industry of the Japanese people.

Louis E. Plummer, principal of the Fullerton union high school, spoke on the Japanese as students; Judge Homer G. Ames, on their greatness as a people; C. L. McComber, of Buena Park, on the Japanese as neighbors and business associates; and H. H. Benjamin, William J. Dolan and E. E. Smith, local bankers, on their thrift.

Other speakers were Louis E. Miller and William D. Grafton, Anaheim city trustees; J. E. Lauer, mayor of La Habra; O. T. Stephens of the La Habra chamber of commerce; and Edgar Johnson, Fullerton publisher.

## BOAT TRIPS AT HARBOR AD IN BOND CAMPAIGN

NEWPORT BEACH, June 8.—A trip around Newport Bay opens one's eyes to the amazing possibilities for a harbor, according to four Huntington Beach people who yesterday enjoyed a ride over the port through the courtesy of J. P. Greeley, ardent harbor booster and pioneer of the county. Greeley has been "setting up" free boat rides for the public for the past several days and during that time several hundred people have availed themselves of the opportunity to enjoy the trip about the bay.

Miss Lillian Van Osedale, secretary of the Balboa chamber of commerce, is in charge of the tickets each afternoon at the Balboa Pavilion and gives tickets to all who wish to view the bay from the boat. The boats leave the pavilion every afternoon at 2, 3, 4 and 5 o'clock.

Just what a person sees in a trip around the bay is hard to explain, according to an observing reporter who yesterday made the trip. The seemingly disinterested and bored person is the one most interesting to watch. The air of boredom and disinterest begins to fall the minute the boat leaves the dock. The person is soon staring wide-eyed at the many private docks and small boats which dot the harbor.

When the entrance to the bay is reached, gasps of astonishment are heard. A narrow twisting channel is negotiated. Exclamations are heard to the effect that the "disinterested person" believes that a lot of larger boats would be in the harbor if only the entrance to the bay were fixed and that if larger boats could enter it would be a tempting proposition for commercial boats to make headquarters in the bay.

Cameras are much in evidence on the harbor trips, it was also noted by the observing reporter. The people on the boats snap pictures of interesting views here and there over the harbor to show to incredulous neighbors who will probably doubt their tales of harbor possibilities, and the pictures will do much to convince them of the correctness of the information.

## MUCH LAND SOLD ALONG BEACH FRONT

NEWPORT BEACH, June 8.—Real estate activities in the area near the grammar school are rapidly increasing, according to a report from real estate dealers in the city yesterday. The long section of beach front between Newport Beach and Balboa, near the grammar school has been selling fast and several new homes are starting in the vicinity in the near future.

Dr. Philip Lovell, special health writer for the Los Angeles Times, has started a new reinforced concrete home on the ocean front at the corner of Thirteenth street and Ocean front. The home is east and just across the street from the grammar school. The home and grounds are to be beautiful and landscaping will be done which will probably bring the cost of the home to more than \$10,000. Max Schindler, Los Angeles, is the architect for the building.

Charles Loree has also purchased a lot in the vicinity and will start erection of a new two story beach home in the near future. Loree disposed of a house and lot on the ocean front in East Newport this week to Mrs. Mary M. Romig. A consideration of \$10,500 was reported paid for the property.

Louis Braasch, Santa Ana and Tustin man, who has been quite prominent in subdividing and building activities in and about Santa Ana, has also purchased a lot near the grammar school on the ocean front and it is believed that he intends to build on the property in the near future. Paul Ellsworth, local man and Carl A. Danielson, another local man, are two other new owners of land in the grammar school vicinity.

## New Car Stolen And Stripped By Orange Thieves

ORANGE, June 8.—Thieves, who stole a small touring car, which Will J. Lindsay, 801 East Third street, Santa Ana, had just purchased, drove the car into an orchard owned by W. W. Perkins, Esplanade and Walnut streets, removed the battery, coils, tools, and all four wheels complete.

A sales slip posted on the windshield was not molested. No other damage to the car was inflicted except for one axle which was pounded on the end in order to dislodge the wheel. Local authorities investigated the theft and notified the owner.

## GASOLINE CO. GIVEN PERMIT TO LAY PIPES

HUNTINGTON BEACH, June 8.—The Mutual Gasoline company, which for the past several weeks has been endeavoring to secure a permit from the city to lay pipes in the section of the city recently opened to oil drilling, last night was granted the permit. A number of meetings between officials of the company and the city officials has been held and matters have been ironed out several times but always some objectional feature interfered.

The agreement finally reached between the city and gasoline company provides that the company shall pay the city a rate of one and one-quarter cents per thousand cubic feet of gas sold, but does not require the company to pay any tax on gas returned to the well owner. The city officials at first wanted to put the gasoline company on the same basis with the Southern Counties Gas company, which pays the city one and one-quarter cents per thousand cubic feet.

The gasoline company objected, however, declaring that their company was merely a business enterprise which took the wet gas from the wells, extracted the gasoline and returned the dry gas to the owner. The contract between the city and the gasoline company also provides that violation of any part of the contract automatically nullifies the contract.

A new city ordinance regulating sign boards in the city was given the final reading and adopted. The ordinance will go into effect in 30 days.

A contract was signed with the Huntington Beach municipal band. The band will play 10 concerts. Five of the concerts will be played during July and five in August. The city will pay \$150 a concert.

Speed limit signs are to be painted plainly on Ocean boulevard, it was ordered by city trustees last night.

The trustees took the action after several protests had been made by persons arrested on the street. The person arrested declared that in other cities where a high speed zone was maintained in the center of the street they were allowed to "step on it." The trustees issued instructions to the police department to have the speed limit painted on the pavement in large numerals.

The salaries of Mrs. Kittle Sager, police matron, and Mrs. Helen Newland, deputy tax collector, were raised by the trustees.

A request was also made by Mrs. Bertha Reynolds, librarian, for some tables on the beach.

MANY ATTRACTED TO "SEAS" CLUB

BALBOA, June 8.—Many out of town visitors have registered at the Southern Seas club during the past few days, according to manager C. M. Sloan. Mr. and Mrs. Sloan are entertaining Mr. and Mrs. Homer Kessling of Oakland for several days. Mrs. Kessling is a daughter of Mrs. Sloan.

Miss Martha Sleeper, Hal Roach comedy star, with her mother, Mrs. Minnie Sleeper, and Maurice Stephens Mirano were guests of the club last week.

Members of the P. E. O. from Fullerton were guests at the club Friday. Mrs. Dora A. Littleton was the hostess. Mrs. C. C. Wagner, Mrs. C. C. Chapman and Mrs. J. W. Bennie of Placentia, and Mrs. C. W. Young, of Santa Ana, were guests. Fullerton members of the organization included Mrs. S. S. Williamson, Mrs. J. R. Gardiner, Mrs. E. D. Ladd, Mrs. S. M. Whensant, Mrs. Ella N. Spence, Mrs. S. C. Hartman, Mrs. J. C. Anderson, Mrs. Frances B. Shipperd, Mrs. Annette J. Amerige, Mrs. W. M. Drake, Mrs. F. M. West, Mrs. F. C. Hezmalhalch, Mrs. Emerson Marks, Mrs. Walter Skillman and Mrs. Ruth Chapman.

Week-end guests at the club included Mr. and Mrs. George D. Hoffman, Pasadena; Mr. and Mrs. W. R. Mead, Dayton, Ohio; Mr. and Mrs. R. R. Emerson, New York City; Miss Helen Mead, Dayton, Ohio; Mary Garson Jr., Charles Morrell, West Hollywood; Mr. and Mrs. S. J. Chapman, Los Angeles; Mr. and Mrs. H. D. Diecke, Anaheim; Mr. and Mrs. A. J. Hoskins, Mrs. C. Mead, Dr. and Mrs. C. C. Snyder and Miss R. Debear, Pasadena.

SIAMESE CHICKS

SPOKANE, Wash., June 7.—J. L. Harris, Medicine Lake, discovered a Siamese egg in a setting being hatched. He found two chicks struggling from the same shell. He helped them out. Each apparently was normal. One was white, the other black.

Call the Sultorium, 279 W. 5th. First class dry cleaning, 109 W. 5th.

## INVITE LEGION MEN TO JOIN NEWPORT POST

NEWPORT BEACH, June 8.—Uniting in closer relationship the coast-line cities, American Legion members at Laguna and at other points along the coast, will be invited to affiliate with the Newport harbor post. As soon as the state highway to Laguna is completed—and this is expected to be done in next 30 or 60 days—a reunion of Legion members will be called for the Harbor City, at which meeting plans will be laid for cementing into still closer relationship the already warm friendship between the Beach Cities.

## Motor Caravan Visits Cities To Boost Bonds

NEWPORT BEACH, June 8.—Motor caravans of boosters for the Orange county harbor yesterday visited a number of Orange county cities in the interests of the harbor bonds to be voted upon June 10.

Lead by Lew H. Wallace, George Peabody, Dr. C. G. Huston, W. S. Spencer, Harry Welch, and many other prominent men the caravan left Costa Mesa early yesterday morning to travel to Huntington Beach, Seal Beach, Santa Ana, Tustin and Laguna Beach.

The harbor boosters plan such trips to all parts of the county to stir up enthusiasm. Members of the party reported yesterday at the time of the starting of the caravan that at no time in the history of the county has there been an issue which has been talked about as much as the harbor issue is at the present time.

The fact that interest is running high in the coming election is evidenced by the fact that a large number of persons daily take advantage of the free boat ride trips over the bay. The boat leaves the Balboa pavilion daily at 2, 3, 4 and 5 p. m.

Radio advertising is also being given the harbor proposition by a number of local realtors who have recently entered the radio circle.

## Orange Women Entertained By Corona Singers

ORANGE, June 8.—Presenting a program of musical numbers, the chorus of the Corona Woman's club appeared before the local club yesterday at the bi-monthly meeting of the organization in the clubhouse.

Under the direction of Mrs. A. C. Senacke, the 12 members of the organization gave solos, duets, trios, piano numbers, readings and chorus numbers.

Mrs. A. C. Schooley, president of the second economics section, presented the club with five red baskets containing large clusters of yellow flowers.

Mrs. C. C. Bonebrake presented the club the bronze vase which the chorus won at the Elstaddid in Santa Ana recently. Plans were laid for two dinners to be given in the near future.

A woman, whose name was not procured, raced wildly down the street recently to the front of the chamber of commerce building. A policeman accompanied her.

"I tell you I left my car right here and it's gone now and there was some money in it," she declared.

Around the corner in a parking station they found the car. Still the woman declared her machine had been in front of the chamber of commerce headquarters, and she departed with the matter still a mystery.

And here is where the truth plays an important part, and also it might be stated that certain of the floors of the police force received some glances.

The car was parked in front of the chamber of commerce. A real estate dealer, W. L. Jordan, desired to travel to Newport Beach. His car was in the garage. His partner, John Ray, owner of a car identical with the one parked in front of the chamber of commerce building, kindly loaned Jordan the use of his car.

Jordan took the car in front of the chamber of commerce headquarters, supposing it to be his partner's, but when he returned

the car was gone.

## FINANCING OF BATHING REVUE IS COMPLETED

BALBOA, June 8.—Financing of the fifth annual bathing girls revue, to be held here June 20, was outlined at a meeting of the finance committee of the Balboa chamber of commerce, recently, according to Miss Lillian Van Osedale, secretary. The bathing girls parade is held each year under the auspices of the Balboa chamber of commerce and attracts thousands of visitors to the beach resort.

Mrs. Elizabeth Osgood, better known as Madame La Rue, acts as manager for the parade each year. Mrs. Osgood is busily engaged in securing entries for the parade this year and declares that the event will be the best ever staged at the popular beach resort.

Business people of the bay district co-operate with the chamber of commerce and Madame La Rue in staging the parade.

According to Madame La Rue, an excellent list of prizes has been prepared this year. The prizes will include screen tests with several large motion picture companies and cash awards.

Beach Youth Is Given Fine for Strong Mixture

ORANGE, June 8.—Possession of a concoction of a soft drink and "bootleg" cost Fred Crane, Long Beach youth, \$50 yesterday when he was hauled before Recorder Ingle charged with having the illegal mixture in his car.

Crane stated that he picked up a man on his way to Orange county park Sunday. The man was supposed to have had the liquor with him. When Crane drove the wrong way around the plaza, Motor Officer Charles Wallace started an investigation which revealed the liquor in Crane's car.

From Newport Beach he could not find a place to park it so drove it into the parking station. Meanwhile, the owner had secured the police, who located the car. Jordan returned to his office serenely unconscious of the fact that he had been driving someone else's car, only to be told the joke by his friends, who had witnessed the search for the machine.

## Boiling Tanks Attract Crowd To Cordage Co.

ORANGE, June 8.—When oil tanks in the plant of the Western Cordage company on West Palm street boiled over yesterday sending up great clouds of smoke and steam, a fire alarm was turned in.

Although there was no fire of consequence residents felt a keen desire to investigate the matter. Several who came to the scene of the supposed conflagration in automobiles went away sadder and wiser, for they received traffic tags for driving over fire hose.

Walter Schmidt, Santa Ana, is alleged to have protested the justice of being arrested on such charges. When he refused to sign the traffic slip presented by Motor Officer Charles Wallace, Schmidt was taken before Recorder G. W. Ingle. Ingle fined him \$5 despite his protests of the "injustice" of it all.

## PERSONAL NEWS FOR ORANGE PEOPLE

ORANGE, June 8.—Mr. and Mrs. A. C. Wiley and Mr. and Mrs. Ansel Ward stopped at the Sunshine hotel recently while on a wedding tour. Mr. and Mrs. Wiley with Mrs. Ward, formerly Miss Dorothy Wiley, journeyed to Fresno recently from Wheaton, Ill. Following a whirlwind courtship on the part of Ansel Ward, to win Miss Wiley, the young couple with the bride's father and mother, set out for a tour of the southwest. The stop in Orange was for the purpose of visiting Clarence Day, a cousin of Mr. and Mrs. Ward.

Mr. and Mrs. W. V. McCoy, and Miss Mabel Curlien, Long Beach, are visiting relatives in Orange. Sid Clepper recently returned from Florida.

Miss Mary Ann Watson, who has been ill for some time, was the recipient recently of many floral pieces and several letters from members of the journalism class of the local high school, of which she was a member.

## Up the beanstalk

When Jack climbed the beanstalk, he got a new conception of his needs. No longer would just a hen do, but a golden-egg hen. No longer just a harp, but one that stood by itself and played. He didn't know what he wanted till he saw something better than what he had . . . though he labored hand over hand to get hold of that point of view.

Advertisements give you a high point of view without any climbing at all. They spread world products before you—servants to serve you, conveniences to please—prices low because so many thousands are using the same. They give you a new conception of what you'd like to own. No longer will a watch or food chopper do—but the highest improved watch or food chopper. No longer just a radio—but one of purest transmission. They make you change your mind about what you started to choose, and choose something more pleasing at no higher price. They help you see the whole field of satisfying wares. They lift you to fresh joys.

Read the advertisements  
Honest facts are in their news

## EVENING SALUTATION

A little philosophy inclineth man's mind to atheism; but depth in philosophy bringeth men's minds about to religion.  
—Bacon.

## HAS STOOD THE CRUCIAL TEST

A distinguishing feature of the harbor bonds campaign, now drawing to a close, is the large number of voters now supporting the harbor project who, a year ago or two or three or five years ago, were either in doubt as to its practicability or were actually opposed to it.

And one of the most potent factors in bringing about these conversions, has been the numerous and largely attended excursions over the bay with harbor enthusiasts who knew what they were talking about when they explained to the excursionists what has been done and what is proposed to be done. Seeing is believing.

Any proposition that will grow in favor during years of weary waiting, full of almost continuous discussion from every possible angle, must be sound.

Another strong influence in bringing about conversions has been the outspoken support of men and women in whose judgment and integrity voters have confidence. As one man expressed it: "I haven't the time to investigate, nor do I feel competent to decide such matters. But I have confidence in the judgment of a large number of men who are supporting the bonds, and I have confidence in such engineers as General Beach."

To a large extent many voters have no other guide than this, and The Register believes it is a safe guide.

Feeling its responsibility, The Register has made a careful study of the harbor development plans, and sincerely believes them to be sound and practicable. Granting for the sake of argument that ocean commerce will be slow in coming, we have absolute faith in its ultimate development on a scale that will amply capitalize the investment. And meantime, we shall, without doubt, develop almost immediately a pleasure-craft harbor business that will alone be worth all the harbor will cost.

## IMPROVEMENT IN RUSSIA

A group of conservative members of the British parliament, representing a conservative government, would not be expected to flatter Soviet Russia. Such a group, after investigating conditions in Russia for its party, presents a report that surprises many persons in England and America, because its conclusions on the whole are rather favorable.

The British investigators find many things still to criticize in Russia. They tell frankly of the autocracy, the violent methods, political interference with the courts, bitter injustice to the former upper classes, untenable economic ideals and other objectionable features of the Soviet government. At the same time, they give the other side.

A government which has an annual budget of \$2,000,000,000 for the next fiscal year, and confidently expects to meet it, cannot be so incompetent as we have thought. The national debt is only a quarter of a billion dollars—about one and one-half months' normal revenue. That must be made possible by conservative handling of national finances, no less than by repudiation of the old regime's foreign debts.

"Confidence is inspired," says this British report, "by the fact that not a single foreign trade commitment has not been punctually honored."

Russia welcomes big business.

The Russian government, they say, is stable.

There are only 1,000,000 unemployed in Russia. They find, not nearly so many as in England. They seek more trade with Russia, for the benefit of their own workers and business interests, while trying to obtain Soviet propaganda in their own country and to obtain Soviet recognition of Russian debts to British citizens.

Trade is a mighty solvent. A good export market atones for many sins. So it may be that conservative America, one of these times, will deal as charitably with red Russia as our British friends are doing.

The only thing wrong about Abd-el-Krim was that he didn't know when he was licked. Which is a venial fault.

## OWNS MAMMOTH CAVE

At last the United States government has arranged to take over Mammoth Cave in Kentucky as a national possession, including not only the best known chain of caves but 70,000 acres of limestone country honeycombed by interconnecting caves. Thus Uncle Sam gains a new national playground as remarkable as any in all his fine collection.

To enter such a place is an experience such as will be matched seldom in a lifetime. It is an adventure which has little relation to ordinary life, as most of our vacation adventures have. One may wander for days in those strange caverns, with growing wonder at their extent and variety, at the purity and invigorating quality of the air which lightens the labor of exploration, at the unaccounted lack of life, at the darkness that has no equal above ground, at the silence so deep that one can hear the blood pulsing through his body, at halls as vast as any cathedral and as uplifting to the spirit, at mysterious streams coming from nowhere and going nowhere, at echoes perfect and delicate beyond all experience. Most striking of all, perhaps, the new appreciation of sights, sounds and smells—especially smells—as the visitor finally emerges again to the outer world.

## THIRTY YEARS OF MOVIES

Today, it is said, there are over 20,000 moving picture theaters in the United States and a proportionate number in Canada, with a seating capacity of 20,000,000 and a weekly attendance of more than 130,000,000. At least 800 photoplays are produced every year, with twice as many "short subjects." The total number of feet of film produced is said to be close to 1,250,000,000.

The number of persons employed in the industry and the number of shareholders in producing companies run up into large figures.

All this represents the development of only 30 years. The first movies, consisting of jumpy, flickering images, were shown on a canvas sheet in a New York music hall on April 27, 1896.

Most of the people familiar with screen plays now never knew, or have forgotten, what the early pictures were like. There really has been tremendous

improvement on the artistic side as well as the mechanical and financial. It is hard to imagine what another 30 years of similar advancement may achieve.

## FIX THAT ENTRANCE

Voters of Orange county today are hearing an appeal from those whose lives have been lost at the entrance to Newport Bay.

The appeal comes to us through "Sunny" Sundquist in a communication published today in The Register. It comes to us from one who lives, from one who survived, from one who saw his comrades go down into the waters at the entrance.

Just so long as that entrance remains as it is, the venturesome and the ignorant will be endangered. Even experienced and skilful boatmen have gone down to their deaths. The treachery of the entrance is such that it is an ever present menace.

Any day, any hour the cries of those struggling for breath may be heard, again as they have been heard often, very often, in the past three or four years.

To save the lives of many—how many, no one knows—the entrance should be made safe. The opportunity to make it safe is to be given to us at Thursday's election.

## Too Many Drownings

Riverside Enterprise

There are altogether too many drownings at the Southern California resort beaches. Many do not get into the newspapers. Particular attention is called to them only when some such prominent case occurs as the Mrs. McPherson disappearance.

A law was passed by the legislature in 1910 which established definite requirements for beach resorts to have floats, life lines, life guards and small boats for the protection of the unwary. At that time most of the resorts established such life saving facilities and there was developed a great deal of activity in the efforts to protect the pleasure seeking public from drownings. It all came about as a result of the drowning of a famous athlete by the name of Richardson, who was a star at U. S. C. at that time and who lost his life in the surf at Hueneme. The high seas of the past winter demolished many of the floats and lines that were in use by Southern California beaches and they have not been replaced, with the result that there are more drownings this year than usual for so early in the bathing season.

The district attorneys' offices of the coast counties, where there are bathing resorts would do well to revive the enforcement of the laws that already exist and specify requirements that beach resorts are supposed to comply with.

Of course, there is nothing that can force bathers to bathe where there are protective facilities and they must take their own risks if they insist on bathing at points where none exist. Safety first for bathers unaccustomed to the treacherous of ripides and undertows, suggests that they are very careful about venturing beyond the breakers except under protective conditions.

## Newspaper Favor

Fresno Republican

Support by newspapers of candidates has little value and presents little danger, as far as the opinions of newspapers is concerned.

The serious danger is in the lack of publicity, when newspapers exclude candidates from mention in their columns.

A candidate for governor in California must get the serious attention of a million persons or he has no chance of election.

Citizens need not be anxious if all the papers in California should support Richardson or Young or Goodell or McClellan or any other candidate. But they can be anxious if papers "favor" one of these candidates to the exclusion of the others.

Good editorial judgment calls for discrimination, in news attention. Some candidates do not make the news that others do. But this proportion in the news should not be influenced by the editorial favor of the newspaper.

Candidates may "earn" public attention or they may merit it without earning it. And newspapers would reflect this public attention. Any of this attention that a newspaper denies to one candidate or offers exclusively to another, is an unfair exhibition of newspaper power.

This discrimination is a dangerous exercise of newspaper opportunity. It has nothing to do with the question whether a newspaper should urge the election of one candidate or another.

Wonder if William Shakespeare with his 23,000-word vocabulary, could have made a mule move.—Boston Traveler.

Conversation isn't a lost art. It simply has been made practical by being turned into salesmanship.—Milwaukee Journal.

## Health Topics

### PREVENTION OF ANTHRAX

Since anthrax is an infection which primarily occurs in the lower animals, and only sporadically, or as a result of accidental inoculation with the virus, in man, the fundamental method of attack on it consists in the veterinary control of the infection among animals.

The chief preventive measures as far as human anthrax is concerned, consists in the disinfection of all raw material used in the trades in which horse hair, hides, wool and other animal substances likely to harbor the anthrax germ are handled.

Workers in tanneries and hair and wool factories can get protection by wearing rubber gloves and aprons.

Animals may be immunized against the disease, and the Pasteur method of vaccination is said to have been extensively employed with good results in France. The immunity thus conferred, however, is lost after a period of time, and revaccination becomes necessary.

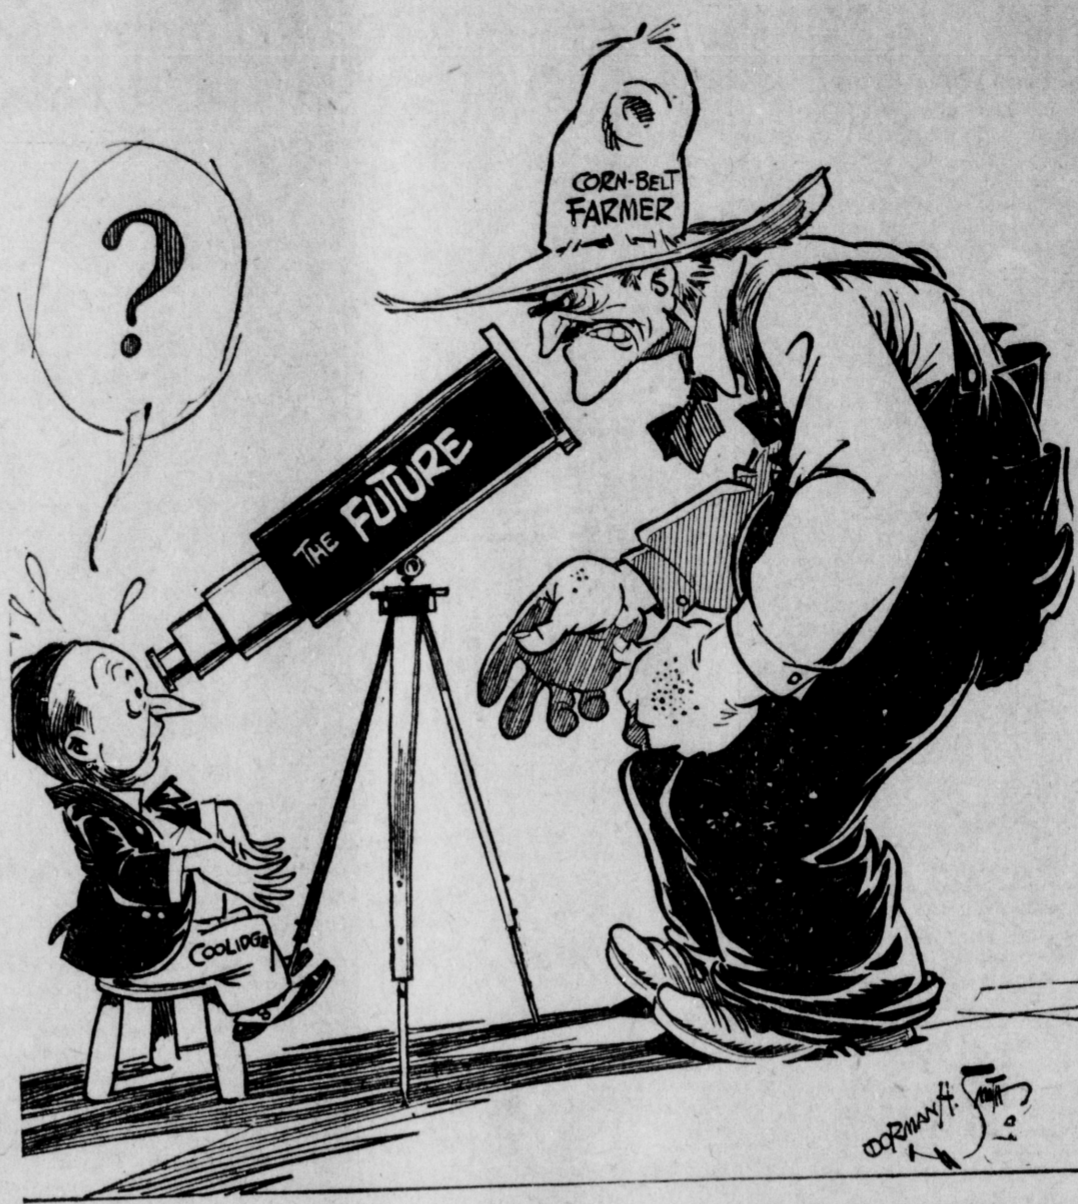

Quarantine against infected areas and rigid disinfection of materials before they are placed in the hands of workmen are protective measures that should always be employed.

From the viewpoint of the number of deaths resulting from anthrax in the United States, the disease is not so important as compared with many other infectious diseases, the largest number of deaths reported in any one year as due to that cause being 62, in 1917.

Although not important as a cause of death, anthrax occupies a most prominent place in the history of preventive medicine. The causative organism was the first disease-producing germ to be seen under the microscope and the first to be grown or propagated in pure culture.

The disease itself was the first to be experimentally transferred by direct inoculation of blood containing the infective germ and the first used to demonstrate the prophylactic value of the injection of a weakened virus. These were transcendental pioneer achievements in the modern sciences of bacteriology and immunology.

## Spoiling the View

## Democracy's Destiny In Hands of People

Pasadena Star-News

Much is said about endangering of democracy in this country by extremist forces and radical influences. These constitute a measure of menace. But the greatest menace of all—the most alarming—is to be found among that class of American citizens who harbor radicalism. Great numbers of these solid, substantial, thoroughgoing Americans are playing right into the hands of the extremists. And this is done by failure to vote. Non-voting is the superlative danger to democracy. Read what William G. McAdoo said, in a recent address:

"If democracy is on the defensive in America, it is because the people fail in their manifest duties. They have a weapon to destroy injustices, to preserve liberty and to enforce equality before the law—the mighty weapon of suffrage.

Should the masses of the people become supinely indifferent to this weapon and to its proper use then God help America and its beneficent democratic government! The real danger is in this tendency toward indifference on the part of law-abiding, substantial, conservative citizens—a tendency which manifests itself in absence from the polls on election day.

The voice of alarm should be raised throughout the land, as to this. There could be no better, saner or more timely political slogan than this: "Get out the vote! One hundred per cent Americanism expressed by one hundred per cent voting." No political party could do the country better service than to urge eligible voters to go to the polls, and make a special drive for a larger percentage of voters among qualified electors.

## Worth While Verse

### LIFFE'S MAYTIME

Oh, you whose Maytimes yet are few,  
Drink deep of life's sweet, morning dew;  
The sun's bright gleam,  
The rippling stream,  
The moon's soft beam,  
Are all for you.

Bird revels at day's first glance,  
The elfin shadow's moonlight dance,  
The May-sky's blue,  
Are all for you—  
The future, too,  
Is yours, perchance.

Live while life flowers in its May,  
Enjoy youth's sweet, brief, cloudless day.  
Ere, all too soon,  
The blissful boon,  
Like love's soft croon,  
Shall fade away.

Aye, live and let life's Maytime be  
All filled with love and purity.  
And age shall bless  
With gentleness  
And soft caress  
Of memory.

—Allen Johnson in the New York Times.

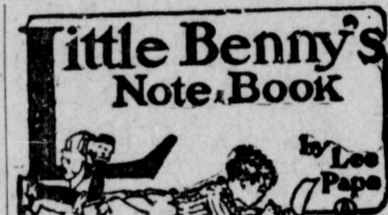

## Time To Smile

### A MERE JUMBLE

A Nevada senator during a speech used the word "intrinsic" and a senator from Oregon picked him up on it. "Who says I didn't use that word right?" cried the speaker. "Webster says so." "Webster? What Webster?" "Webster's Dictionary." "Now, see here," growled the senator from Nevada. "I'm tired of having that book quoted at me. Why, every schoolboy knows it is a mere jumble of words."—Boston Transcript.

### THE RURAL JOKER

"Whilst I was in town yesterday," in the Mount Pisgah post-office related Jig Fiddlin' of Clapboard Springs, "an old feller stumbled off from the sidewalk right smack in front of a big motor car." "Great guns!" ejaculated a hearer. "Did it kill him?" "Nope! The—yaw-haw! haw!—car wasn't moving."—Kansas City Star.

## Little Benny's Note Book

I was wawking home from the grocer store with a dozen eggs and I met Puds Simkins going home from the baker store with a bag of lady fingers, me saying, Wats a hurry, Puds, wats you wawking so fast about?

My mother is in a hurry for these lady fingers, she's going to make some kind of a fancy cake, we're going to have company to-nite, Puds sed.

Their in a hurry for these eggs too. I dont know wat their going to make but I know they want them rite away, it mite be a cake too for all I know, I sed.

Well I bet it aint going to be a reel fancy cake, because you got to have lady fingers for that, Puds sed.

O well, I should worry, a cake is a cake, thats my motto, I sed. And we kept on wawking alongside of each other till we came to the alley. Puds saying, I bet you cant jump it in 2 jumps on a stand.

Meaning the alley, and I layed down my eggs and he layed down his lady fingers and we started to see how meny we could jump the alley in without either of us being able to do it in 2, and we tried about 20 minits till our jumps got shorter. Instead of longer, me saying, Hey, I got to take these eggs home, their in a hurry for these, and Puds saying, Yes and I got to take these lady fingers home, they want these rite away.

And he picked them up agen and I picked my eggs up and we only stopped 2 more times, once to watch 2 street cleaners with big mustashes tawking to each other in Italian, and once to see wich we had kicked, a nale or a cent, finding out it was a nale after we had looked about 10 minits, and wen got home with the eggs me wawking at the front window for me, looking at ferst she was glad I hadnt bin ran over and then she gave me a slap because I had took so long and I didnt see Puds Simkins out either, properly being for the same reason.

## In the Long Ago

14 Years Ago Today From the Register Files

JUNE 8, 1912.

George L. Emerson of Los Angeles, report manager of the California State Bee-Keepers' association, told local bee men that the 1912 honey crop would be much below normal.

W. A. Bartlett, principal of the Santa Ana high school, announced that he would resign at the close of the year. Other teachers who will resign were Miss Allie Hallett Taylor, Emory Ratcliffe and George Collins.

Walter Robinson of Trabuco, deputy state game commissioner, reported that the outlook for the coming quail season was poor.

At the annual meeting of the Santa Ana fire department G. E. Peters, secretary-treasurer, presented the annual report showing that 19 alarms, 7 of them false, were answered by the department during the past year.

L. H. Padgham completed his canvass for names and other information to be used in a new Santa Ana city directory.

President Coolidge spoke at the Norwegian immigration centennial in Minnesota.

# The Very Idea!

By Hal Cochran

## GARDENING

A dandy spade from the store once came, and dad, of course, was the one to blame. He bought the thing so's to make his yard look mighty nice, by workin' hard.

A rake and hoe were the next things bought. Ah, pop was sure in the spirit caught. Hard work, thought he, is the thing that brings the peatious flowers, and a lot of things.

A man worked hard every afternoon and seeds all over the place were strewn. The richest dirt for miles around was hauled and dumped on his clay-packed ground.

A smile spread over a toiler's face. Ah, hope had set him a merry pace. But, shucks, he stuck with the tiresome gait, and now all he had to do was wait.

The rain came down and the sun came out, and after a week there came a sprout. And was pop pleased? Oh, yes, indeed—until he found it was just a weed.

He watched and prayed for 10 days more and then things started to grow galore. And just when his work was about to pay—the rent came due, and they moved away.

The new hotel proprietor wished to take worthy precautions against fire—so he insured the place for twice what it was worth.

Maybe the beauty of a fish is only fin deep.

Any husband who holds the purse strings feels that there is no such thing as the sweet buy and buy.

The coppers in the cellar peeked. And watched sme fluid bubble. The man intended brewing wine, But only brewed some trouble.

You have your favorite kind, but the best thing to put into pies is your teeth.

The more you contract debt, the larger it grows.

It depends on the tot population how many "cutest children in the world" there are.

Most people can keep a promise just about as easy as they can a secret—which is why it's so foolish to make promises.

The number of reasons why a father and mother get little rest on a vacation trip depends on how many children they have.

He walked up to his sweetie's dad— The question that he put, Was, "Can I have your daughter's hand?" Instead, he got a foot.

There's one satisfaction in getting ready to receive week-end visitors. By the time you've cleaned house, etc., you're too darn tired to spend much money entertaining them.

Takes two to make a bargain. Mother falls for it, and dad pays the bill.

FABLES IN FACT WILLIE BEGGED HIS MAMA FOR FIVE PENNIES UNTIL SHE FINALLY DECIDED TO GIVE THEM TO HIM JUST TO KEEP HIM STILL PERIOD AFTER LOOKING THROUGH TEACUPS COMMA ON SHELVES COMMA AND IN AN OLD PURSE COMMA SHE MANAGED TO FIND THREE PERIOD WILLIE COMMA HOW- EVER COMMA STILL INSISTED ON FIVE COMMA SO MAMA QUOTATIONALLY SAID COMMA QUOTATIONALLY MARK WELL COMMA WHERE AM I GOING TO GET THE OTHER TWO QUESTION MARK QUOTATION MARK AND WILLIE SUGGESTED HE HAD THE COOK BECAUSE HE HAD HEARD HER SAY SHE WAS GOING TO HAVE A COUPLE OF COPPERS IN THE KITCHEN THAT AFTERNOON PERIOD.
